Million Mile Challenge

Don't forget to record your Model A miles. Report them to Dave Boucher, Outdoor Chairman at the end of each month. You can contact Dave by phone at 262-662-2273 or by E-mail outdoor@model-a-wis.com. The challenge runs until the end of September. The total miles for the club to date are 7,215 miles.

Rapids Memorial Plaques

The Wisconsin Rapids Model A Reunion Planning Committee is making a memorial plaque, listing the members of participating clubs who have passed away. The person must have attended the Wisconsin Rapids Reunion event to have their name on the plaque. This plaque will be on the grounds of the Model A reunion. We are looking for the names of those who have attended the Wisconsin Rapids Model A reunion and have passed away. We need their name, the club they belonged to and year of death. Only one club can be listed due to space restrictions, so for those who belonged to more than one club, one will have to be chosen. Please forward your information to Dave Huenink at oldfordcoupe@wi.rr.com.

From The President

Hello everyone, as I write this month's article it's hard to believe our new year is already half gone. I guess the old saying is true, "time flies when you are having fun". I know from our house it's been a good half year, we've been on some great Model A tours and events. The trip to Sharon Model A days was a fun day and the weather cooperated again for the most part, only one brief shower on the ride home. We developed a miss on the ride home from Sharon and I dreaded the thought of what could this be now? We pulled into a gas station to fuel up and checkout the miss, to find out number one spark plug wire popped off. So that made for a good end to the trip, no major failure! The June tour to Flag Day was another good tour. Very nice presentation and tribute to our military and also a nice parade through the small town. The weather even cooperated again, but that's no surprise because we all know Stan says "it never rains on a Model A event"! That day we were not as lucky, as we came home minus a tooth in our trucks rear differential. Oh well, we made it home on our own although I had my cell phone and AAA card ready. Thanks to Dave and Donna Boucher, who followed us to our door to make sure we got home okay. With that one minor setback it's been a good season so far and I'm looking forward to the remaining club events. Hope to see you all there. Please remember to register for our picnic if you will be attending. Also don't forget to turn in your mileage for the million mile challenge.

I got a call from Bill Storey, our club tool keeper the other day and he told me we now have a brand new rear spring spreader in our inventory thanks to Roger Olsen. Thanks Roger, I know it will be appreciated. Please remember to use our club tools if you have a need for them, they are a great club asset. The list of available tools in the back of the roster.

I still have the MAFFI raffle tickets available if you want any please call me. I will also have them available at the picnic. Well that's all for this month. See you soon at the next event.

Mike

Sunday, August 1st 1:00 p.m. to 4:00 p.m.

Wisconsin Chapter MAFCA Board of Directors Meeting Minutes for June 12, 2010

Present: Dave Boucher, Roger Olsen, Sue Quam, Bob Davisson, Mike Quam, Dave Huenink, Steve Lewis, & Gene Taurman.

Absent—Paul Piotrowski.

Guests Doug & Margaret Smith.

Meeting called to order at 7:00 p.m. by President Quam

Vice President - Gene Taurman: One new member application from Krishahn & Michelle Singh, from Campbellsport, WI. Motion to approve new members was made by Dave H. and seconded by Roger O.

Webmaster, Carl Doro bought the computer program for the web and its working well.

Secretary - Sue Quam: Minutes from last month had one correction, under new business, it should read “it passed unanimously” not “pasted”. With the correction made, a motion to accept the minutes was made by Dave B. and seconded by Roger O. Currently we have 275 members.

Treasurer - Paul Piotrowski: Mike gave treasurers report in Paul’s absence. A motion to approve the report was made by Roger O. and seconded by Dave H.

A separate report on the overnight trip to Waupaca was read. In the end after expenses and raffles, we made money.

Outdoor Meet Coordinator - Dave Boucher: So far the picnic has 34 people signed up. We all need to remind folks to sign up. Looking into face painting or bouncy castle for the kids depending on the number of kids registered. Dave B. secured the sports equipment package from the city so volleyball, baseball, horseshoes etc. will be available. International Model A day is Sept 26th, we will be going to Midway Village for the war re-enactment.

So far the club has totaled 7,215 miles for the million mile challenge.

Indoor Meet Coordinator - Steve Lewis: Still need hosts for the Christmas party.

Technical Meet Coordinator - Roger Olsen: A few members got together and put the top on Pat Leggett’s Model A. A few ideas for upcoming seminars are carburetors, distributors, and generators.

Club Accessories - Bob Davisson: No activity in item sales. Bob & Sandi Davisson bought the raffle item to be sent to Vancouver, Canada for the International MAFCA convention. It was a nice crystal vase with some flowers added.

Sunshine and Awards - Dave Huenink:

Mary Gurgle had knee replacement surgery, Rose Fowler had surgery June 2.

Roger O. stated he will be having back surgery on June 21.

The Sam’s club membership renewal came due. It was suggested to check out the Restaurant Depot for picnic items. Dave H. will check into this and make decision on whether or not to renew the membership to Sam’s Club.

Old Business:

Sue Q. brought copies of the membership database on CD. Dave B and Gene T. each have a copy for safe keeping. Next meeting Roger O. and Paul P. should bring back up copies of data to give to someone for safe keeping.

New Business:

Budget: Spread sheet was gone over of last year’s expenses. It was decided to keep some budget items the same, some were raised. Due to the cost savings measure of emailing the newsletter everyone felt we could reduce that budget item.

Meeting adjourned at 8:30 p.m. when a motion to adjourn was made by Roger O. and seconded by Dave H.

Next meeting is July 17th at 7:00 p.m. at Dave & Linda Huenink’s home.

Respectfully submitted by,
Sue Quam
Secretary WI Chapter MAFCA

“A” Un-Technical Model A Tudor Roof Installation

Earlier this year a Model A Tudor came to Mail Truck that needed a new roof. A few weeks ago the new wood kit had been installed and the Tudor was cleaned and ready to receive “A” new roof. Several of us got together on “A” beautiful Wisconsin Wednesday at Mail Truck Model A Parts Company to install “A” roof on Pat Leggett’s 1930 Tudor.

We rolled the car outside so it could warm up with the heat of the sun. We learned that you can really stretch the roof material in the hot sun! Then our workers began the task of installing the roof. The roofing job was completed in less than three hours.

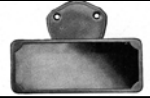

“A” thanks to Dave Boucher, Al Downs, Jess Janke, Jim Tishken, and Pat Leggett for their hard work making the roof look better than new! Pat seemed to have lots of fun working with and supervising the workers. Bob and Barb Sonnen and I assisted as Roadside Superintendents.

UNPACKED IN WAUPACA!!!

As we departed from McDonald's in Sussex on Saturday, May 29th. Two Waukesha County Sheriffs escorted us from the parking lot and stopped traffic at the corner of Hwy 164 & County VV. The people at the stop light were given quite a treat as 24 Model "A" and a few modern iron proceeded west on our trip.

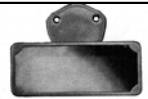

The back roads and small towns made for a wonderful ride to Ripon. It was our planned stop for gas and food. It's home to Ripon College and the city where the GOP was founded 1854 at the Little White Schoolhouse.

After a fill of fuel and food we were off to see the covered bridge in Saxeville, which had small park like setting. We had a few of the residents that came to snap photos and talk about our Model A's. This is where we met the other co-hosts the Cornells that led us over some rustic roads into the Village of Rural. It is a very small town that has the beautiful Crystal River winding past some very nice old and new homes. We got to the Comfort Suites at last and checked in. That's when we were joined by six more "A"s.

Then it was off to the CHIEF WAUPACA cruise ship where a special presentation was made to the owner, Pat Meighan. Wally Kaufman had an original poster that promoted the Chief Oshkosh Brewery boat. This boat was built in 1964 to promote beer sales by the then owner Dave Uihlein, a Model A club member. Darrell Cornell had framed the poster and other old photos were presented to Pat. We then cruised the beautiful the Waupaca chain of lakes. Following the cruise was a pizza party at the Motel. Beer, soda, snacks and lot of great pizza made for a fun time. A few card games and other entertainment made for a wonderful evening.

Sunday was tour time and church, I lost a few starting the tour because I forgot to turn on my cell phone. Rustic roads and country setting made for a beautiful tour into the big town of Iola. We stopped at Chet Krause's military collection and who was there to greet us? None other than Chet himself, what a treat. So was the museum. We had a very nice tour of the historic fire house and truck, a schoolhouse and the Iola's Historical Society's building. A little town with a LOT of Pride. Then we were off to tour the town and had lunch at the country club. What a meal at a great price.

Now it was time to tour to Dave & Mar Lese Lindsay's home for an awesome visit. After a brief introduction we were invited into view a beautiful collection of automobiles. Thirteen of the finest autos were shined and on display. The marquee group ranged from the following; Cord, Duesenberg, Packards, Cadillacs and a Sears Roebuck. Also there were a four door phaeton, convertibles, roadsters and some were V-12 to straight 8s. The engine compartments, from the manifolds and steering boxes to the valve covers were beautiful. They were 100 point cars in national judging. A finer collection I have never viewed. Also on display were some vintage pedal cars, metal auto signs as well as some very old pipe organs.

Then Mar Lese invited everyone into their home to see the other collectables. In the family room, was a restored 1926 Gardner Auto on display, along with many fine musical instruments. They ranged from player pianos, Wurlitzer juke box and, as Dave called it, one of the first DVD players - a three foot metal disc that had hundreds of stamped notes that plays music. I can't do it justice trying to describe it.

Sorry we had to depart but it was back to the motel for the hospitality room and the banquet. We had many highlights for the evening including some very nice cakes that Marlene's daughters Chris & Carol made and served, one was a Model A and the other was decorated with the Ford logo. The Lindsays were our guests and told a few stories about the car hobby. Dave told us that you don't die from the old car disease, you die with it. We had some nice raffle items, such as a vintage model Mustang, Iola Old Car Show 2010 bank, weekend passes to the show and a Model A Cake. The big item was a EXPENSE FREE WEEKEND for two, which meant the banquet, the lodging and the cruise. The WINNERS were PAUL & PAT PIOTROWSKI.

Memorial Day at 6:00 a.m. many Model A people went to Kings Veteran Home to place American flags at the graves in the cemetery. A wreath placement on the water by the deck and a tribute to the military at the band shelter brought an end to our tour.

We hoped you enjoyed the Memorial Day 2010 Tour

THE 14TH ANNUAL MODEL A DAY AT SHARON, WI JUNE 6th 2010

23 members and eight guests in twelve Model A's and a couple of modern cars journeyed down to little Sharon for a warm, sunny, fun filled day. A total of 272 Model A's were on display. A real crowd pleaser was a freshly restored 28 /29 bright red Coca-Cola pick-up equipped with all the accessories and supplies that a Coke vendor would have. This year's theme, "Women's Suffrage and The Vote", was highlighted by a parade and song rally staged by a group of "flappers" brandishing signs proclaiming that women should be allowed to vote. (The 19th Amendment in 1920 resolved the issue.) Other activities rounding out the day were home made pie and ice cream for breakfast, Dixieland and jazz band concerts, home made pie and ice cream for brunch, Model A parts flea market, home made pie and ice cream for lunch, Charleston dancers, vintage fashion show, and to top it all off..... home made pie and ice cream for an afternoon snack. Some of the gang ran into a few isolated showers on the return trip, but as you know, Model A's run best when it's raining.

As near as we can determine, the following folks made the trip to Sharon and for those who didn't..... you sure missed out on some great fun.

JUNE MODEL A TOUR "FLAG DAY" FLAG DAY OBERSERVANCE HONORED PURPLE HEART REICPIENTS

I was not aware that one of our members was a recipient of the Purple Heart. We are proud to recognize that member, ART BLAZEK. He was wounded in Vietnam. To you we say THANKS!

The program was centered around patriotism, freedom, and the proper care and folding of the American flag. It was presented by a Marine VFW Post from Fond du Lac. They closed their part of the program with the playing of Taps as the words were read to the audience. It was a very moving presentation. As the Marines asked us to remember that "ALL GAVE SOME, SOME GAVE ALL".
