The official newsletter of The Wisconsin Chapter Model "A" Ford Club of America

VOL L ISSUE 6 CIRCULATION 294 JUNE 2009

Marty & JoLene Janssen

WE WANT YOUR
PICTURES

Mike & Sue Quam

We need your pictures for a club photo roster. Our webmaster will be setting up a photo page with club members and their cars. Some basic information, such as year, city or town your from and name. That's all it takes... So please submit all pictures like the one's above to webmaster@model-a-wis.com

It is the intent of the Wisconsin Chapter to serve as a medium of exchange of ideas, information, and materials for admirers of the Model A Ford and Model A era fashions; to help those admirers become better acquainted; and to maintain among its members the spirit of good fellowship and sociality through sponsored activities including the use of the Model A and family participation.

For more information about us: log on to www.model-a-wis.com

Model A Day In Sharon, Wisconsin Sunday June 7, 2009

(This is it No rain date)

Hey!

We're on the road again headed for Sharon. Join with us for a great time in a great little town Sharon, Wisconsin, for the 13th annual Model A Day sponsored by The Sharon Main Street Association and The Rock-Ford Model A Club of Rockford, Illinois. Plenty of street entertainment and food all day long!

Turn back the clock with your Model A by joining over 300 other "A's" in a little rural community of 1250 friendly folks located about 50 miles southwest of Milwaukee that has changed very little since your "A" was built.

We will meet at McDonald's on South Moorland Road one half block north of West National Avenue (County ES, formerly Hwy 15) in New Berlin.

Officially, the day's activities are from 9:00 a.m. to 3:00 p.m. Because of the approximately 1 ½+ hours travel time to Sharon and the fact that main street parking becomes almost non-existent by 9:00 a.m., we will depart promptly at 7:15 a.m. Please understand that activities start to "wind down" about mid afternoon, therefore, you can head home early either singly or in a group(s).

Some of the "out west" folks may wish to join us "along the trail". You can get the route details ahead of time. Questions? Call Bob/Sandi Davisson at 414-543-2424.

* * * * *

JUNE 14, 2009

***BRONZE SCULPTURE &
STUDIO/FOUNDRY TOUR***

TIME: Meet at 12:45 p.m.

Leave at 1:00 p.m. promptly

PLACE: 2500 N. Mayfair Rd.

Mayfair Mall West Parking Lot

Tour the city of Milwaukee to see the completed bronzes of David Wanner, a well regarded U.S. sculptor. We will meet David and he will take us to see a couple of his statues. He will also include a sculpture of a world renowned artist. After viewing the sculptures we will proceed to his Milwaukee Studio where he will explain the process of creating and casting a bronze. The entire tour will take place in Milwaukee so don't be afraid to join us for "A" unique and interesting afternoon.

After the tour we will gather for complementary beverages and hot appetizers at the Athens Restaurant, 5547 N. Lovers Lane Rd., Milwaukee, WI 53225. They also have a full bar and food menu if you wish to have dinner. If you are unable to join us for the tour come and join us at the Athens Restaurant at 4:00 p.m., but please call us if you plan to meet at the restaurant but not the tour. If you have any questions please call:

**Anne and Dennis Wacker

FLAG DAY PARADE - JUNE 14TH

We would like to invite our Model A friends to join us for this festive parade to honor the birthplace of FLAG DAY.

We will be in the parade held in Waubeka. This small town goes all out to host this event. This year Vietnam Veterans will be honored.

Meeting Point: Cedarburg General Store Museum. W61 N480 Washington Ave. Cedarburg, WI.
1-262-377-9620

Time: 10:00 a.m. We will have a guided tour of the museum. This an old time general store featuring items from 1900 up to the 1950s.

Lunch: Wayne's Drive Inn, with car hops on skates or dine in.

Depart to Flag Day Parade in Waubeka. Please RSVP with the Larsons so we know how many Model "A"s we will have.

Stan & Pat Larson
262-241-1655

CAR SHOW.....

WHEN: June 20th Car Show

10 a.m. to 1 p.m. and they will furnish us a BBQ

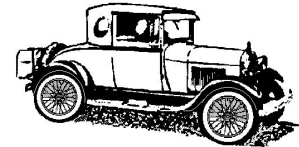

WHERE: Virginia Highlands Health & Rehab Center

W173 N10515 Bernies Way

Germantown, WI

HOSTS: Carl & Lu Doro

Sunshine Report:

Jerry Flynn is at Linden Grove in Menomonee Falls for rehab. Jerry would like to say "THANK YOU" for all the visits and cards from club members!

If you have any Sunshine to report, please contact Dave Neuman

A Few Reminders.....

If you have a change of address or email address please let the club secretary know.

Tour/event articles are due two months PRIOR to the event. Include the starting point and the WHO, WHAT, WHEN, & WHERE when your creating ALL your articles.

Remember the editor is working on Junes issue in May. Always working a month in advance, so its very important to have your articles in on time with the correct information. Monthly deadline for any news is the 15th of each month.

Thank you!!!

August 23rd Club Picnic

From The President

By the time you receive this message it will have warmed up a bit and we can believe spring is really here.

On April 25th Roger Olsen held a technical session at **Mail Truck Model A Parts Company**. Al and especially Tony had a bit to do in sabotaging a few engines to see if someone could solve the problem and get the motor running. The fun included a rain storm. I am sure glad I attended because on the way home my A quit running in a downpour. The first thing I checked (a hint from the seminar) was the gas and sure enough it was empty. I called Jo Lene and she was nice enough to bring a can of gas. At least I had a few visitors while I waited including a Deputy Sheriff. Thanks to Roger, Al and Tony for conducting a great seminar.

On April 26th Jim and Carrie hosted the spring start up tour. They had plotted a great route which I am sure would have been much nicer without the rainstorms. In any event we had a lot of members attending and of course a lot of modern cars. I was following Dave Boucher and thought someone was firing a gun but it was Dave's A. He made the whole trip and hopes to solve the problem before he leads a group to La Crosse later in May. We all received a neat dash plaque. Thanks to Jim and Carrie for hosting a great event.

The audit committee (Roger & Jan Olsen, Dave & Donna Boucher, Paul & Pat Piotrowski, Marty & Jo Lene Janssen) to review the financial records and prepare a budget for the coming year met on April 30th at Paul and Pat Piotrowski's house. Paul does a great job as treasurer and the records were found to be in excellent condition. I am writing this on May 15th (the deadline) and the board will be reviewing the budget on May 16th. Thanks to Pat and Paul for their hospitality.

I have included a picture(s) of a 1931 slant window Model A that was in a head-on collision on August 8, 1938. The driver was Helen Hansen and the passenger (owner) was Norman Merkel. They had been to a dance at Rosenheimer's on Big Cedar Lake.

While at the dance someone tried to steal the spare tire but was caught and they put the tire in the back seat because the log nuts were lost. The tire in the back compounded the collision impact. On the way home they stopped at the Meeker Hill gas station which is on Highway 175 in Germantown. Helen asked Norman to let her drive and when they reached the bridge on 175 near Lannon Road they were being met by a car going down the middle of the road on the bridge.

Helen slammed on the brakes and Norman pulled the emergency brake on.

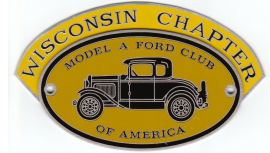

They were nearly stopped when the other car crashed into them. Helen had a broken leg and other injuries and was in the hospital for three months. Norman had a broken leg, head injuries from going through the windshield, and other injuries, he spent nine months in the hospital. They had not been dating steady but did so after both were finally out of the hospital. They were engaged in December 1940, married on June 11, 1941 and had eight children. The last house Norman built before retiring was for Jo Lene and I, in Menomonee Falls in 1978. Helen celebrated her 89th birthday on April 6th this year.

There are many great tours scheduled for the rest of the touring season. I look forward to seeing many of you on a tour this season. That includes Jerry Flynn who is in rehab at Linden Grove in Menomonee Falls.

Marty

Wisconsin Chapter MAFCA Board of Directors Meeting May 16, 2009

Meeting called to order by Vice President Mike Quam at 7:02 p.m.

Present- Bob Davisson, Dave Neuman, Dave Boucher, Dan Kane, Sue Quam, Paul Piotrowski, Roger Olsen and Mike Quam

Absent- Marty Jannsen

Vice President - Mike Quam: We have two new member applications, Ed & Sheri Kovacik of Racine with a 1929 Tudor and James & Judith Kramer of South Milwaukee with a 30 Fordor. A motion to approve new members was made by Dave B. and seconded by Paul P.

Secretary - Sue Quam: A motion to accept last months minutes as written was made by Roger O. and seconded by Dave N. With the two newly approved members we are at 281 members. A thank you note received from the Jenista family for the memorial in Gene's name.

Treasurer - Paul Piotrowski: The monthly financial report was gone over and accepted by a motion from Roger O and seconded by Sue Q. The corporate 501C7 taxes were gone over and explained. Any invoices and income was turned in. The budget was gone over and Mike Q. brought up the fact that the budget does not include any regular monthly expenses for the newsletter, telephone or awards. Current budget only covered any indoor and outdoor expenses. It was decided to call this budget an event guide, not a budget. This guide shows monies available for each event. A motion to accept the event guide was made by Paul P. and seconded by Dave B.

Outdoor Meet Coordinator - Dave Boucher: A club property list was gone over and updated. The spring start up tour went very well for a rainy day. Question as to whether the Spring Creek Car show is an actual Model A Event. It was decided that because people just meet there for the car show, it was not a Model A sponsored event. Information for this car show will be in the newsletter under "You Auto Know".

Technical Meet Coordinator - Roger Olsen: Roger is asking for ideas for future seminars. Possible ideas were discussed; powder coating and steering column repairs. The first seminar in October will be "what's really wrong with this engine".

Club Accessories & MAFCA Correspondent - Bob Davisson: The monthly article was submitted to the Restorer. Hooded sweatshirts were checked into. Our current embroiderer made comment that they are losing money on our orders, due to shipping. It was suggested that maybe we do an order every couple months to help with their costs, as they help us by keeping costs down.

Indoor Meet Coordinator - Dan Kane: We still do not have the contract for Gonzaga Hall.

Awards & Sunshine - Dave Neuman: Jerry Flynn is at Linden Grove in Men. Falls for rehab and is doing well.

Old Business: Carl D. will set up member photo roster on the website. The rest of the job descriptions need to be done.

New Business: The audit committee found that members as well as the treasurer are doing a great job with check requests and receipts. The found everything is in perfect order.

It was noted that an article in *The Muffler* states that the Central Wis. Chapter is thinking of donating the Rapids Reunion grounds to the Boys & Girls Club.

Motion to adjourn was made by Bob D. and seconded by Dan K.

Next Meeting is 7:00 p.m. on 6/13/09 at the Davisson Residence

Respectfully Submitted By
Sue Quam

Reminiscing with the Historian

FIFTY YEARS AGO, 1959 - Club members had the opportunity to take a scenic airplane ride in a Model 170 Cessna for a whopping \$2.15 per person at a tour to the Hales Corners Airport. Another tour headed to Fond du Lac to visit the "Horseless Carriage" car exhibit at the Fairground. On display were a model railroad, a women's hobby show and twenty steam engines.

FORTY-FIVE YEARS AGO, 1964 - Ron Hegy hosted a tour to the Holy Hill area, where members participated in a timed hill climb. Afterwards, everyone was invited to Ron's house in Hartford for refreshments.

FORTY YEARS AGO, 1969 - The club toured to St John's Military Academy in Delafield, where a car show was held by the Antique Automobile Club of America. 182 cars from five states were on display. Another event for the month was an All-Ford Show at Southgate, sponsored by the Milwaukee Model T Club.

THIRTY-FIVE YEARS AGO, 1974 - An overnight tour journeyed to Madison and Spring Green. The club also participated in a swap meet sponsored by the Wisconsin Region Antique Automobile Club of America.

THIRTY YEARS AGO, 1979 - Dick Lauwasser and Karen Kekow hosted an overnight tour to Oshkosh. A second tour was hosted by Gene Engle and Rollie Stendleer. The "How Well Do You Know Milwaukee?" tour hit fifteen sites of interest, followed by a picnic.

TWENTY-FIVE YEARS AGO, 1984 - Gary Koser and Jerry Manning chaired the Model A Olympics in Brookfield at Immanuel Lutheran Church.

TWENTY YEARS AGO, 1989 - The Lake Geneva tour and dinner cruise was hosted by Dick and Marge Lardinois and David and Dawn Dohmeyer. 52 members attended.

FIFTEEN YEARS AGO, 1994 - The Schultzes and Stegners hosted Bowl Your "A" Off. The 14th Annual Car Show and Swap Meet was at State Fair Park. The club toured Old World Wisconsin on an impromptu tour hosted by the Olsens and Bouchers.

10 YEARS AGO, 1999 - Rozmans and Burgermeisters hosted a tour to Sharon, Wisconsin, for Model A Days.

FIVE YEARS AGO, 2004 - Dennis and Marjorie Pierce, married June 19, 1954, celebrated their 50th wedding anniversary. They purchased their first Model A in 1963 and joined the club in 1967 after moving to Wisconsin from Virginia. Dennis and Marjorie have been active in both local and national events. The 1930 station wagon they drive to events is the same car they purchased in 1963. Happy 55th anniversary!

Submitted by Art and Sue Blazek

Ever Wonder

Did you ever go to a club event like the picnic and wonder where all the equipment used to put the event on comes from? If you need equipment to use at the event your running, check with our property chairman. Most of us have trouble finding the room to store our own property yet alone our clubs. We are lucky enough to have a member that does store all of the club property and that's Rich Miller. A big thanks to Rich for the storage space so the rest of us don't have to use ours.

GENERATOR vs ALTERNATOR

WHY ONE AND NOT THE OTHER ?

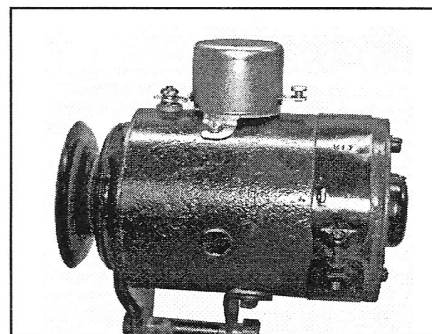

This is an issue of *Reliability* for those that want to tour with their Model A. The generator practically disappeared by the mid 1960's, being replaced with the alternator.

The generator is not a regulating device. The 3rd brush must be manually set to the amount of voltage needed to maintain a charge to the battery. A 6 volt battery requires 7.2 volts charging voltage. This results in about 10 amp (charging) reading on the ammeter. When the headlights are turned on, the ammeter reading will drop to near "0" or slight discharge. This does not allow for any charging voltage to the battery. When long drives take place with the head lights on, the generator would need to be readjusted to compensate for amperage used by the headlights.

In 1939 a voltage regulator box was attached to the firewall that automatically regulated the output voltage of the generator according to usage. This eliminated the need to manually readjust the generator every time another electrical device was turned on, primarily the head lights.

Single Wire Alternator Installed

Generator with Cut-out

The Model A generator requires a cut-out (relay), as did all generators prior to the regulator, to prevent the battery from being discharged back through the generator when the engine is not running. The cut-out is a set of relay contacts that close as soon as the generator produces 2 volts or more. The output of the generator then passes through the closed contacts of the cut-out relay to the electrical circuits and battery. When the engine is turned off, the relay contacts open, preventing the battery from discharging back through the generator to ground. The cut-out relay contacts have a tendency to fail, either the contacts do not close or the contacts stick in the closed position, allowing the battery to discharge unsuspectingly.

By 1965, Ford had begun installing the alternator, a self regulating device. The Alternator is also a solid state device, eliminating the mechanical relay contacts. The GM Delco Alternator is a single wire, self energized alternator that is best suited for the Model A. Most Model A parts suppliers carry this alternator. It is available in both 6 and 12 volt output.

For the touring Model A, you can eliminate the troublesome cut-out and non-regulated output of the generator, and tour with reliability by installing an alternator.

SPRING 2006 MODEL A TIMES 31
 Subscription \$25 per year

Diagnostic Technical Seminar Saturday, April 25, 2009

Our Diagnostic Seminar had 23 people on hand to solve a mixture of mysterious Model A problems Al and Tony created for this day.

We started our morning by asking for a volunteer to lead us through the diagnostic steps to search for engine problems. Scott Tilton was unanimously volunteered to be our diagnostician. Scott did an excellent piece of work going through the correct steps to solve Model A problems on the Model A motor on the test stand. Of course, he did have his fellow roadside mechanics to help him get the engine running again.

After Scott and his mechanics had the engine running, we adjourned to the front parking lot to service Model A's that had been "adjusted" while the seminar was going on inside the building. I'm sorry, I cannot tell you the methods Tony used to simulate possible engine problems. Plan to come next year so you can learn what to do in case you would have a problem on the road.

We are happy to report a few members had their original problems solved with the help of members working and diagnosing together.

The outside portion of our seminar was almost completed when Mother Nature decided to dampen the parking lot. For a better explanation, you might ask Jeff Bezotte what happens when you drive a roadster pick-up without a top. Or, Dave Rozman or Mike Yokofich could answer the question, "How wet do you get riding A Harley in the rain?"

At the end of our seminar, Al and Tony passed out the current edition of Wisconsin Chapter Inc., MAFCA booklet on Road Repairs along with the Ford Standards of Adjustment card. This booklet and card can easily be kept in the Model A for quick reminders on what to check for when that Model A doesn't run like a Model A should.

Thank you to all who came this past year and made our seminars work. We also appreciate Al and Tony giving us the opportunity to use Mail Truck Model A Ford facilities for our seminars.

A reminder, there is still time to call or send me your tech seminar suggestions for this coming fall/winter season.

Roger, Tech Chair

Looking back.....In the rearview mirror

Spring Start Up Tour

April 26th was a beautiful day, if you were a duck. It would have been very easy to stay home and curl with a good book, or go to the movies. But despite the weather, 42 participants and 23 cars turned out for the Spring Start-Up Tour. It could have been worse, it could have snowed!!

The route was promised to be on the back roads over rolling hills and passing several lakes. We saw many more lakes than planned. But Jim and Carrie ran the tour in the morning to make sure none of the roads were flooded.

Our first stop took us to "My Store." It was a very cute little shop with two different dips to sample and a free tea bag to try at home.

Our final destination was the DMZ Bunker in Rochester. They had a covered deck to view military artifacts.

We also enjoyed a buffet of cheese, crackers, sausage, rolls, ham, pickles, snack-mix, beer and soda.

Donna Boucher and Neal Besougloff won the door prizes. Several of our Florida snowbirds and winter Texans received a warm welcome. Everyone appreciated the dash plaques especially the three couples who had a similar plaque from 28 years ago!!! April 26th was a beautiful day to share the fellowship of Model A'ers on a tour to start the year.

Three brave Model A cars participated in the tour: Jim Kummer & Carrie Frank, Neil Besougloff, and Dave & Donna Boucher on their maiden voyage.

Others in modern iron : Don Barske, Carl & Lu Doro, Bob & Barb Sonnen, Bob & Sandi Davisson, Roger & Jan Olsen, Marty & JoLene Jannsen, Pete Stauber & Mary Ciocarelli, Art & Sue Blazek, Chuck & Kris Morgan, Ron & Diane Smith, Wally & Sally Kaufman, Dan Kane & Sue Neuenschwander, Jim & Marlene Stegner, Ed & Lorraine Schultz, Paul, Pat & Joy Piotrowski, Mark Ackermann, Dennis & Anne Wacker, Doug Wacker, and Tom & Jean Tess. Thank you Carrie and Jim for a great day.

Submitted by Diane Smith

The Rapids reunion is still in need of chair people for the kids games and car games for this year's reunion.

FOR SALE OR WANTED

For Sale: Model A horns all in working condition priced at \$115.00-145.00 and \$175.00. Famous Movies with Cars

1. **American Graffiti** Directed by George Lucas. Starring Richard Dreyfuss, Ron Howard, Cindy Williams, MacKenzie Phillips, Charles Martin Smith, Suzanne Somers, Harrison Ford, Wolfman Jack
2. **Back to the Future Stars** a DeLorean
3. **Blues Brothers** They destroy dozens of '70s sedans. Good for them.
4. **Bullit** Contains the most famous car chase scene in the movies. Stars Steve MacQueen, Robert Vaughn, Jacqueline Bisset, Robert Duvall
5. **Cadillac Man** Robin Williams as a sleazy car salesman.
6. **Cannonball Run** Based on an actual race across the country. Stars Burt Reynolds, Farrah Fawcett, Roger Moore, Dom DeLuise, Dean Martin, Sammy Davis Jr, Peter Fonda
7. **Car Wash** Comedy based at an L.A. car wash
8. **Christine** From a Stephen King novel about a possessed car
9. **Days of Thunder** Top Gun meets stock cars
10. **Death Race 2000** Futuristic tale where drivers score points by running over people.
11. **Detour** One of those cross-country trips where the star picks up strangers along the way.
12. **Dirty Mary Crazy Larry** It's got Peter Fonda and fast driving.
13. **Driven** Sylvester Stallone, Burt Reynolds (can't have a car movie without Burt), CART, crashes and women.
14. **Duel** An early Spielberg film where Dennis Weaver is attacked by unmanned tractor-trailer rigs.
15. **Fast and the Furious** Turbochargers, gangs, crime, undercover cop, romance, special effects.
16. **Ferris Bueller's Day Off** Matthew Broderick borrows a Ferrari
17. **Gone in 60 Seconds** A 40 minute chase scene that destroys 90 vehicles (in the original movie).
18. **Grand Prix** Lots of track footage
19. **Greased Lightning** Story of the first black racing champ, starring Richard Pryor
20. **The Great Race** Long story about a 1908 NY to Paris race
21. **Heart Like a Wheel** The story of drag racer Shirley Muldowney.
22. **The Last American Hero** Story of moonshiner turned stock car racer Junior Johnson
23. **Le Mans** Good race footage
24. **Mad Max (and Road Warrior)** Mel Gibson in futuristic hot rods driving around looking for gas.
25. **Race for Life** Good racing scenes
26. **The Racers** European racing footage
27. **Roger & Me** Michael Moore makes auto execs look bad.
28. **Smoky and the Bandit** Burt Reynolds, a black TransAm, a dumb Southern cop, a girl, beer and CB radios.
29. **Thelma & Louise** A buddy-highway movie.
30. **Thunder Road** Robert Mitchum in a moonshine vs. Feds story
31. **Tucker, a Man and His Dream** Nostalgic look at idealist Preston Tucker
