As of January 1, 2024 the monthly newsletter and the roster will be delivered by email only. With the cost of printing and the continued rising cost of postage, the member dues no longer cover the cost of the newsletter. The club has been absorbing the costs and the board has decided to make the change to all email. Please make sure the secretary has your correct email address. The newsletter can also be looked at and printed from the website, as well as they roster under “members only section”.

Message from the Website Administrator -

So sorry the website was down for 11 days.... That was me over there pulling my hair out trying to figure out what happened. Contacting the Domain server, Google, and the host of the website, Squarespace was a pain in the rump. Seems no one communicates by telephone these days, everything was via email. After a few emails back and forth it was determined it was domain name via Google that was the issue. The company that built our website, had registered the domain name and we had no access to it. I was told by Google to file a UDRP, went to that website, the first thing I read was, its best to have legal advise before filing. Oh Good Lord!!! At this point I thought we were doomed to have to rebuild a new site with new domain name. Mean time I kept sending emails and messages to the site builders we used. FINALLY my badgering them paid off after 10 days. I heard back from them, they had gone out of business and were letting their account expire, which contained the domain name. With a few clicks they transferred our domain name from their account to our website host and we were back on line. Why this wasn't done from day one, I don't know. I'm just thankful the site is back in service and all the clubs website dealings will be in one place from now on and we have the sign on and passwords. Those will be shared with the BOD so more than one person has important information.

If there are things/pages you'd like to see added to the website, let me know. I'm always up for new ideas. I'm looking to turn over the Facebook page and group to someone else in the club. If you are a Facebooker and are interested let me know!!

Thanks!!!

Sue Quam

Hi All,

A warm welcome from the south, 77 and sunny today. As I look at my home cameras I see the nasty four letter word is again on my lawn, SNOW yuk!

I've been busy down here, got my brothers Model A Coupe running and back on the road. I also hooked up with the local Model A club in the area via their website, they were so open and welcoming, I've been invited to attend all their February events. So far I attended their Model A Tinker Time shop which is a get together where the guys meet at a members shop and socialize and then they have a technical time and Q&A time, it was quite fun & interesting. This evening I will be attending their monthly membership meeting and dinner. This coming Saturday, we'll be attending a tour of a large car, truck and motorcycle collection. The club has 40 members and was started in 2000 but they are very active and they loved to tease me that they get to drive there cars 12 months a year.

I got a copy of the our club minutes from the editor and I see we had a nice presentation at the February meeting.

We will see you in March.

- Mike

One hundred twenty-seven members have renewed their membership for 2023. A discussion was held as to how get to get the dues paid on time from those members who pay late. Some ideas were to send out invoices for the dues or charge a penalty for the late payers. It was also mentioned some previous members do not pay their dues because they can attend events and can read the Wheeling the A on the internet. The suggestion was made not to have the current issues of Wheeling the A on the club web site. More discussion is needed by the Board. The Access program used for the club membership records was updated, and now has the capability to have two phone numbers and two email addresses for the membership roster.

Treasurer – Karen for Steve – A report of the revenue and expenses from last month was given. A motion was made by Dennis Cooper and seconded by Bob Schmiechen to accept the treasurer's report. The motion was put to a vote, and it carried. No bills or income was turned in.

The club will not be billed for the second building. There are a good number of volunteers for the swap meet but more are welcome to help. Dennis Cooper will be reminding those who volunteered with a phone call that they volunteered. Vicky Cooper mentioned the swap meet volunteer thank you meal has been reserved at Thunder Bay Grill on March 18th, 2023. Swap meet fliers are available at this meeting. Robin Strutzen reported that sixty-eight people attended this year's banquet and came under budget.

'A' Trip Back to the March 1998

Way back in 1998 our President was Paul Piotrowski. Assisting Paul was Vice President Bob Schaefer, Secretary Dennis Pierce and Treasurer David Dohmeyer.

Mar 14 The Shamrock club's annual St. Patrick's Day parade, lined up at 52nd and North Avenue and proceeded down North Avenue. Ten to twelve cars provided transport for television and radio personalities. Our chairman was Fred Bleidorn.

Mar 15 Delicious Leon's custard was the main event for our March meeting. Attendees were invited to bring their favorite games from the past for an afternoon of fun.

Mar 19 Technical Seminar, hosted by Francis Drake and Gary Schwabe focused on rebuilding and testing both types of generators on your model 'A'.

This month we feature 'Breakfast Pizza' (*Pam Fugina, from Wi Chapter, "A" Road to Good Cooking*)

1 lb. bulk pork sausage

1 pkg (8) refrigerator crescent rolls

1 c. frozen thawed hash browns

1 c. shredded Cheddar cheese

5 eggs

2 Tbsp. grated Parmesan cheese

¼ c. milk

In skillet cook sausage until browned. Drain fat. Place on ungreased pizza pan (12 inch) the crescent rolls separated into 8 triangles with points towards center. Press bottom and up sides to form a crust, sealing perforations. Spoon sausage over crust. Sprinkle with potatoes and top with Cheddar cheese.

In a bowl, beat together eggs, milk, salt and pepper. Pour onto crust. Sprinkle Parmesan cheese over all. Bake at 375 degrees for 25-30 minutes.

Little known Henry Ford facts:

Ford grew up on a Greenfield Township farm, and detested the work, prompting him to come up with more efficient means of getting things done - while he was still in his teens Ford was experimenting with ways to shift work to machines.

Henry won 6 cents in a 1919 libel suit he pursued against the Chicago Tribune - which dragged on for three months and was one of the longest suits on record at the time. He sued for \$1 million after the paper labeled him an "ignorant idealist" and an anarchist. It gets wackier: The defense tried to prove the "ignorant" claim by firing basic history-class questions at him, and Ford failed to correctly answer what year the American Revolution occurred. Actually, forget about those six cents - the Tribune never paid the damages.

Ford is credited for pioneering the five-day, 40-hour work week - reduced from six days and 48 hours.

In 1915, Ford and fellow pacifists sailed to Europe, hoping to inspire soldiers on all sides to go on strike, and derail leaders who he believed were financing the War to End All Wars. He was roundly ridiculed, and he abandoned the endeavor after a less-than-lukewarm reception upon landing in Denmark.

He built the first airport hotel. Ford welcomed travelers-by-air to the Dearborn Inn, built in 1931 near the Ford Airport, which he established seven years prior. The luxury hotel featured Colonial architecture and design, and is still in operation, owned by Marriott.

Ford wanted to put everyone behind the wheel of a car - and then he wanted to put everyone in the air. In the 1920s, he developed a 350-lb. one-seater mini-plane with a 23-foot wingspan, running on a 35-horsepower Ford engine, calling it the Ford Flivver. During a 1928 Florida Flivver flight, test pilot Harry Brooks crashed into the ocean, and his body was never found, officially ending the project.

In 1918, encouraged by President Woodrow Wilson, Ford ran for the U.S. Senate, but refused to spend any money on the campaign. Amazingly, he lost by only 4,500 votes.

From 1920-27, Ford owned the Dearborn Independent newspaper, which ran anti-Semitic articles dictated by and credited to the industrialist. The articles became a book titled "The International Jew: The World's Foremost Problem," a notorious tome that became affiliated with the Reichstag. Ford was reportedly admired by none other than Adolf Hitler, and in 1938, Ford accepted the Grand Cross of the German Eagle, a Nazi medal. Ford eventually renounced his writings.

Biographer Richard Snow says the evidence "is circumstantial, but pretty strong" that Ford maintained a 30-year extramarital relationship with a woman named Evangeline Cote, giving her a mansion - and a son, John Cote Dahlinger.

February 12th, 2023, Laura Ingalls Wilder

On Sunday, February 12th, we were delighted to host Laura Ingalls Wilder to our meeting. She told so many stories about her pioneer family and life in the late 1800s. She had a sister, Mary, that she was very close to. Then there was Carrie, baby Freddy who died as an infant, and baby sister Grace. Laura's mother made her a doll she named Charlotte. Charlotte had two button eyes and a beautiful embroidered smile. She almost met her demise when another little girl dumped her in a mud puddle and she lost one eye. Laura's mother sewed on a new button and cleaned her up so she looked like new.

Laura's captivating stories took us right along with her and her family as her father often said, "Caroline, pack up the wagon. We are moving on." Their family definitely did not spend years in a long cabin in any one place as we have come to believe based on the TV program. Father, Charles, couldn't sit still.

Ms. Wilder was portaid by Jessica Michna who after a teaching career turned to sharing American history and portraying notable women of history. She brings to life

Presidential First Ladies and 12 other notable women.

The membership was totally wrapped up in her performance. You could have heard a pin drop we were listening so hard to capture every story.

Bob and Karen Schmiechen
