SPRING START-UP TOUR Sunday, April 26th, 1:00 PM

Dash plaques will be presented to
the first 50 cars.

Meet at the Sentry food store parking lot located on Racine Avenue (Hwy. Y) just north of the intersection with Janesville Road (Hwy 24). There is also a Quick Trip and McDonalds located at this intersection.

We will tour the rustic roads of Racine and Walworth counties passing some of the inland lakes in the area. We may have a scheduled stop along the way and probably end somewhere for some kind of refreshments.

If you have any questions, please
call Jim or Carrie at 262-895-2897.

*** THE MAY 2009 TOUR ***

Join with us on **Sunday, May 17th** for a fun afternoon of Model A touring and sightseeing.

We'll **leave promptly at 12:30 PM** from McDonald's just north of the intersection of West National Ave. (County ES) and South Moorland Road. Hungry? Grab a burger before we start out.

After a little run through the countryside to get the old A's limbered up, we'll arrive at the home of Mr. Donald Woelbing, the chairman of Carma Laboratories, Inc. in Franklin. Carma Labs' is world famous for producing the very popular lip balm, CARMEX. Here, we'll be treated to a hands on tour of Mr. Woelbing's private railroad. **** **BRING LAWN CHAIRS! !******

Next, we continue to the nearby Carma Labs Franklin facility where Mr. Woelbing will enlighten us about his company's products. Then, we will view his collection of nearly 50 antique and classic automobiles, including three Model A's and one Model T, housed in their headquarters building.

Following the Carma Labs visit, it's back in the Model A for a short drive over to Michaelangelo's Pizza, 8330 West Puetz Road, Franklin for a round of pizza and beverages; compliments of your chapter.

So, mark your calendar now and plan on hitting the road with us for an enjoyable and different afternoon. Rain or shine we're on!

Your tour hosts: Bob and Sandi Davisson 414-543-2424

* * * * *

Is Carmex tested on animals?

Only the ones we're related to. Seriously, we never test on animals. We don't need to, because we've got so many Woelbing family members to use as test subjects. Our products have got to be good enough for our lips before they ever get to yours. Of course, all Carmex products undergo thorough chemical analysis and testing before they ever leave our facility.

Why does Carmex tingle when you put it on?

Carmex contains camphor and menthol. These ingredients give Carmex a cooling effect and help relieve the irritation of rough, chapped lips.

From the President

First of all I want to thank the board that will be serving in 2009 and I look forward to working with them. Dave Boucher is the new face serving the board of directors (BOD). Although the BOD members enjoy serving the club, we would like to encourage other members to consider serving a term on the BOD. A motion was approved at the BOD meeting on January 17th to change the term of a BOD member to three years so that we are recruiting only three new members each year. A discussion was also had about possibly reducing the number of BOD members to seven. A proposal on changes to the BOD structure will be presented to the membership for a vote at our first indoor meet this coming fall.

I appreciate all the members who have accepted to serve in the volunteer positions for the coming year. Please help these volunteers in their jobs if they ask or if you can see that they could use some help. Barb Sonnen as club photographer could use help when she is not at an event and/or you have photographs that could help capture the fun of an event. You may email Sue Quam, any photographs you have of an event and she can pick what's needed for the club newsletter, for publicity or any other purpose. Barb Sonnen would also like to receive your photographs for publishing on the website. Sue Quam, our newsletter editor could use your help by sending in your contributions to the newsletter by the deadline which is the 15th of each month.

Thanks to all our "A" volunteers that made all of our 2008 chapter events possible and fun.

Thanks to Neil Besougloff for serving as our president in 2008 and the two prior years. Congratulations to Neil & his wife Susy on receiving the "Member of the Year" award presented by Carl & Lu Doro.

Congratulations to Dave Boucher on receiving the "MAFCA Chapter Service Award" presented by Dave & Carol Rozman.

Congratulations to Eugene & Betsy Taurman on receiving the high honor of the "Wire Wheel Award" presented by Art & Sue Blazek.

There are many thank you's for making the "Gangster Reunion" a fun event.

First of all for everyone who attended. It was great to see all those who dressed up in era clothes!

Jo Lene and I returned her dress to Kim's costume store in West Allis and Kim said there were a number of members who rented their costumes from her. In fact our winning Gangster, Mark Ackerman and his date rented their costumes from Kim. When we were leaving the store we came face to face with Scarface Lars (Stan Larson) who was returning his wife's dress. Kim said if we need costumes for our next banquet she would offer a 10% discount to all club members. I am sure our winning Flapper Donna Boucher, could tell you about where she rented her outfit.

Thanks to: The band and Dave Lang (a club member) for arranging to have the band (all thirteen of them which includes Dave) play a couple of one hour stands for us, the music was great and enjoyed very much; Stan Larson (Scarface Lars) for being the master of ceremonies and arranging the silent auction; Pat Larson and Jo Lene Jannsen for being the cashiers for the auction; The Delafield Brewhaus for the great food and service; Jo Lene Jannsen for preparing the picture boards, picture display and the program; Dave Neuman for taking care of the awards; everyone who provided and presented "Gag" awards.

'Til next time let's all hope for an early spring so we can get on the "A" road again.-Marty Jannsen

TOW-IN TOOL

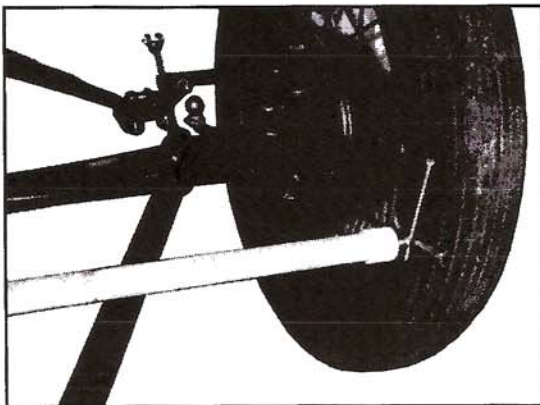

By Norm Rowe

Mountain Road Rattlers
Oakhurst, California

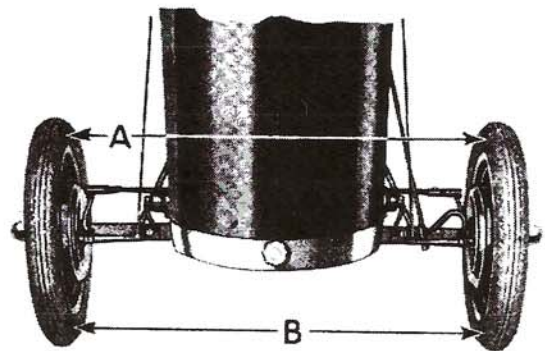

Many excellent articles have been published in "How To" books regarding the subject of adjusting the toe-in on our Model "A"s, but when I first attempted to accomplish this task, I found it somewhat difficult to get an accurate measurement with just a tape measure and a chalk mark around the tread. So I set about making an inexpensive, simple tool to do the job. As shown in the accompanying pictures, it is made from a piece of 1" diameter PVC tubing approximately 49" long, a pair of caps for same, and a 1/4-28 bolt and jam nut.

Drill and tap one of the caps to accept the 1/4-28 bolt. Then use a #10 (3/16" dia.) bolt to establish the difference between the lengths of "A" and "B" when adjusting the tie rod.

Tow-In Tool Measurement

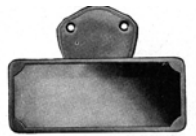

Adjust "B" Tow-In 1/8" Narrower Than "A"

I know you are busy getting your Model 'A' ready for spring! This tip was in Model 'A' Times to check your toe-in. The toe-in tip will always work when you have straight wheels. Always make sure you measure the same distance from the floor.

Tow-in Tool information was printed in Volume Two, Issue Four, Fall 2006 issue of *Model A Times*. Purchase your own subscription of four issues a year for only \$25.00.

LOOKING BACK.....IN THE REARVIEW MIRROR

CUSTARD SOCIAL JANUARY 11 TH

Special thanks go out to Ron Schneider and Leon's Frozen Custard for the gallons of great custard and ALL the fixings. Many members enjoyed the day and custard while listening to some 50's music. You could almost feel the Fonz in the room.

Thanks to the many ladies that helped out in the kitchen and kept it running smoothly. We also gave away in a raffle some gift certificates to Leon's for future use. Does it get any better than that? Food for now and even some for later.

Hope to see you there next year if you missed this one.
Cheryl Prochnow

GANGSTER BANQUET JAN. 24TH 2009

The Speakeasy opened to a crowd of thirsty Model A members right on time. It was a pleasant surprise to see the big turn out of dapper looking gangster men and beautiful flapper gals dressed in their era fashions. The fashion judges, Ron & Diane Smith were busy trying to select a winner for our era fashions contest.

One special guest could not make the banquet, he stopped to pick up the Illinois Governor and the Feds got him. He is now in the slammer. The Western Union telegram was signed by Johnny "Dep" Dillinger. He wanted to send his THANKS to all the members that helped in making his movie this past year.

Now seated at our beautifully decorated tables, enjoying a fine dinner, it was time for a special award. A car hauler with a dozen cars on it was presented to Bob Davisson from our host Mean Marty. This past year a local newspaper misquoted Bob as saying he has a dozen collector cars.

Continued on next page.....

Marty presenting Bob Davisson his "collection"

GANGSTER BANQUET CONTINUED....

Our out going President Neil Besougloff thanked his 2008 board, introduced them and shared some comments about his time on the board. Neil then introduced Marty Jannsen, the new president for 2009 and passed the gavel on to Marty. Marty then introduced the 2009 board of directors and plaques were then given to the outgoing board members.

Passing of the Gavel

At this time a gag award from M.D. (MILLER DRINKER) Tony Sillman presented to our Editor Sue Quam, a special prescription. It was the special vitamins M.G. & D. for aches, pains, worries, stress, newsletter deadlines and printer problems. Unlimited refills!

Dave Neuman then presented awards to members for continuous 50, 40, 35, 25 and 10 years membership. Those in attendance were Richard Wallander 40 years. Jerry & Nancy Carlin and Dan Kane, Gene & Joan Engel, Dave Boucher, Mike Kultgen 35 years. Steve & Debbie Lewis and Jack & Jill Potosnyak 25 years. Al & Mary Downs 10 years.

Dave continued to hand out chapter event awards to members for hosting 33 different events or driving tours. We also recapped other events, such as WI Rapids Reunion, Swap Meet and other tours. We are a very busy club that has a lot to offer to old and new members. We were pleased to introduce new members Tom & Beth Fons and family. Their oldest daughter was the winner of the 50/50 Raffle. Congrats and welcome to the club.

We closed the silent auction after some very serious bidding and raised money to help defray the Banquet cost. *Continued on next page....*

GANGSTER BANQUET CONTINUED....

The Jannsens and the Larsons want to say THANKS to everyone that DONATED & BID on Auction items.

Fashion judges Ron & Diane Smith presented many ribbons to the runner ups, with a trophy being awarded to Donna Boucher for the BEST FLAPPER. A very dapper Mark Ackerman, carrying a box of Roses with a machine gun hidden inside, also wearing white spats was the best dressed man.

We closed out the banquet to the enjoyment of big band music. To Dave Lang, a club member and also a band member, we say THANKS for the great music!

A special THANKS to JoLene & Mean Marty for a great job on the Banquet. Thanks to Pat for helping, and for helping with the make-up on Scarface.

See You Next Year.

**WISCONSIN CHAPTER, INC. MAFCA TECHNICAL SEMINAR
WORKING WITH SHOCKS
THURSDAY, JANUARY 15TH**

The weather outside was hovering around zero but 23 Model A'ers bravely ventured over to Mail Truck Model A Parts to participate in our shock seminar.

Results from working on the shocks led us to some interesting conclusions as we completed the task. A simple take apart job will not work if you have really bad rusty shocks. Just putting in a new shock kit will not make your old shock work better.

We found lots of sludge that needed to be removed when we were taking apart the shocks. We were able to rebuild, clean and put new seals and packing in the shocks members provided for this seminar.

If you had your shocks on for a long time and they seem to leak a little, it might be good idea to take them apart and put in new seals and fluid. We also found you need to keep each set of shock parts together. The individual parts for some reason do not seem to be interchangeable.

Our Wisconsin Chapter Tool Keeper, Model A Willie, has all the tools you need. You will need a 1-9/16" and/or 41mm socket. We used both tools on the shocks we worked on.

“A Thanks” to all who came out in the bitter cold to learn about Model A shocks.

CHILI & SALSA COOK OFF

The first "annual" chili & salsa cook off was a success thanks to the efforts of many helpers and participants! No one went hungry sampling the 10 to 12 entries of chili and one bean soup that were offered.

Congratulations to first place trophy winner, Pat & Stan Larson for receiving the highest number of votes. Coming in second and third respectively were Donna & Dave Boucher and Dave Neuman, separated by only one vote. All participants brought tasty and vastly different versions of their family recipes.

We don't want to say the first place salsa plaque was awarded by default just for being the only entry, because it was delicious! Gene and Betsy Taurman, thank you for bringing three items for us all to enjoy (chili, bean soup and salsa). We hope to have more contestants in the salsa category next year.

Thank you to all who helped set up, break down, clean up and serve! It was truly a joint effort and we hope enjoyed by all. Let's look forward to repeating this next year, possibly including a third category of competition, chocolate!
