Memorial Day Parade

We are again pleased to invite you to join us on Memorial Day, Monday, May 30th, 2016 to participate in the 151st annual Memorial Day parade. The parade is to remember our brave soldiers who gave their lives while in service of their country, so we can enjoy the freedoms and securities we have today.

The parade will gather at 1:00 p.m. at the corner of North 4th Street and West Clybourn Street in downtown Milwaukee. The parade will begin promptly at 2:00 p.m. It will then proceed to Veterans Park on Milwaukee's lake front. Let's make this a great tribute to our Veterans who gave so much of themselves for their country.

It is a day to HONOR THE DEAD BY SERVING THE LIVING.

Sharon Model A Day Sunday June 5th

It's like going back in time when hundreds of Model A's take over the small town of Sharon. The town itself paints a picture of the 1930s with the sleepy small town look. With the small shops and old buildings, then add Model A's everywhere, an excellent swap meet, bands playing in the park and all kinds of food, its like stepping back 80 years.

The day starts in Sharon at 9:00 a.m. and if you want to find a choice parking area we will need to **leave the New Berlin McDonalds at Moorland & National Ave. at 7:30 a.m.**

**54th Annual
Model A Reunion
July 29th-30th-31st, 2016
YOU AND YOUR FAMILY ARE INVITED...**

This Model "A" Reunion is the greatest gathering of old Fords and old Ford enthusiasts in Wisconsin. The Reunion, originated in 1962, is sponsored by 4 clubs: Central Wisconsin Chapter MAFCA, Wisconsin Region MARC, Nickle A Region MARC, and the Wisconsin Chapter MAFCA.

The meet consists of a weekend of enjoying Model "A's" and Model "A" fellowship, and includes Tours, People's Choice, Kids' Games, Hubley Derby, Car Games, Chapter Team Events, Women's Rolling Pin Toss, a Dance, Fund-Raising Auctions, Shoe Box Swap Meet, as well as lots of surprises and fun.

The Reunion is held the last full weekend in July, unless it conflicts with a National MARC or MAFCA meet. The Central Wisconsin Chapter MAFCA hosts the reunion on their privately held 10-acre site, which includes a club house, wooded campsites, and is close to many nice motels and restaurants. These ground were developed and maintained for Model "A" activities.

Location: The club grounds are located 4 miles east of Wisconsin Rapids, or 11 miles west of Plover, just south of state Highway 54. Turn south on 72nd Street (a dead end road). Watch for signs.

Weekend Activities

Refreshments are available throughout the weekend for registered participants.

Good Food: A potluck lunch is planned for Saturday and Sunday. Guests and members are asked to bring 2 dishes to pass (one for each day). Friday and Saturday evening, you may want to roast hotdogs at your campsite or go out for a relaxed dinner at one of the nearby restaurants with a group of your new friends.

Friday afternoon the registration table opens. An Auction will be held in the evening of Model A related items, as well as other donations for kids, ladies, and men.

Saturday morning starts with a Shoe Box Swap Meet, Technical Seminar, then a noon potluck, followed by a driving tour. A Silent Auction will be held throughout the day. There will also be a Hubley Derby and kid's games. A dance will be held at the club house for the evening's entertainment.

Sunday is a day of car games, potluck lunch, Chapter team events, and a ladies rolling pin toss, followed by the awards presentation.

Sunshine Report.....

Long time member George Wartner passed away April 12th, in Arizona from pulmonary failure. Burial will be in Lodi, WI in June, at this time arrangements are pending. Our deepest sympathies to Carolyn and the family.

Karen Dickinson had a minor stroke and spent 3 days and nights at St. Luke's hospital. While there doctors implanted heart monitor, a digital device that will monitor idiosyncratic beating behavior. Karen is home and doing well.

I am told spring may be arriving to Wisconsin soon – hopefully before winter returns!

Volunteer Opportunities: (what doesn't bring a ray of sunshine like a club member(s) stepping up to volunteer)

Banquet (2017), Dave/Linda Huenink have volunteered to host. Karen Schmiechen has volunteered to run the silent auction - volunteers are needed help host as well as to provide auction items or donate cash for the purchase of items for the auction. How to Rebuild A Generator Technical Seminar

Thursday, March 17, 2016

You missed a very good technical seminar if you didn't come to our March seminar. Scott presented a very helpful session on generators and how the whole electrical system works. He went through how the cut out worked and how simple it is to move the third brush to increase output for night driving. Scott explained how the magnetic system delivers the power to keep everything charged up.

Scott went through the generator I brought in for the demonstration and found out that it was not any good. He discovered that the one I brought had a short in the fields and the third brush did not work at all. I took the generator back home and fixed all the problems Scott found. The generator is all good now and ready to go.

We all thank Scott Tilton for presenting such an interesting and informative seminar on the Model A generator.

Remember to let Jeff or I know what projects YOU would like to have covered in our next technical seminar which will be on Thursday, October 20th. The best seminars are the ones that are done by club members. Whatever your problem is, our group can figure it out. All of us are here to help you with any problems.
