## *Memorial Day Parade – May 25th*

We are pleased to invite you to join us on Memorial Day, Monday, May 25th to participate in the 150th annual Memorial Day parade. The parade is to remember our veterans who gave their lives while in service of their country, so we can enjoy the freedoms and securities we have today.

The parade will gather at 1:00 p.m. at the corner of North 4th Street and Michigan Street at the Carl Zeidler park downtown Milwaukee. It will then proceed to Veterans Park on Milwaukee's lake front. The parade will begin promptly at 2:00 p.m.

Lets make this a great tribute to our veterans who have given so much of themselves for our country. It's a day to honor the dead by serving the living.

Let's remember  
our heroes.

# Wisconsin Model A Reunion

July 24-26, 2015

The same weekend as the Model A Reunion, there are other events in the Rapids area. Because of this, motel rooms are going fast. If you need one for the weekend, make your reservations as soon as you can.

Anyone planning on attending this yearly event is asked to pre-register, this will save you \$5 on the weekend. You can find the pre-registration form on the Reunion's web site listed at the end of this article.

As fight cabin fever this winter, and head out to the garage to organize your Model A stuff, remember that items that you no longer need are great items to donate to the Reunion Auction. Non-Model A items are also needed. Just remember no junk, and leave the broken stuff at home.

Along with the auction and raffle, there will again be a Silent Auction this year. Each club is asked to make at least one basket, having their members donate items to fill the basket. There are three categories, Men's, Women's and Children's. See the Reunion web site for a list of ideas for your baskets. Clubs are not the only ones that can make baskets, individuals can make one also.

Remember that all income from the auction and raffles help offset the cost of next year's Reunion, helping to keep this event affordable for everyone.

Help is needed throughout the weekend. All participants ages 16 and above are required to sign up for a job duty.

## IS THERE ANY INTEREST IN ATTENDING THE 2015 WAUKESHA BLUESFEST???

The 2015 Waukesha Bluesfest ([www.waukeshabluesfest.com](http://www.waukeshabluesfest.com)) will be held Friday, August 7, and Saturday, August 8. You would be invited to attend either day or both days. Two tickets will be provided free for each day you attend with your Model A. We would like you to arrive between 12:30 p.m. and 1:30 p.m. Please stay until 6:30 p.m. but you are welcome to stay until closing at 10:30 p.m. The event is held at Naga-waukee Park in Delafield located on Highway 83 about one mile North of I-94. I understand we had a poor Model 'A' turn-out last year and I would like to see if there is any interest in continuing this event for this year (it is not listed on our calendar of events). If you are interested please contact me at 262-544-5005 or [Robert\\_06@att.net](mailto:Robert_06@att.net) and let me know which day(s) you would attend. If there is enough interest I will see if we can make this happen.

Thanks - Bob Schmiechen

## *Presidents Notes.....*

Hello Everyone

I'm glad the touring season is here, I hope the weather will turn warmer and we can finally put the colder weather behind us. Thank you to the Engels and Larsons for running the April start up tour. It was a perfect day weather wise and a great tour. The final meeting place had some great pizza and garlic bread. We are off to a great start on our touring season.

The tour date for July has been moved to accommodate the event. We have another full season of events scheduled so watch the Wheeling The A for information.

Looking towards the future and the indoor meeting season we still need hosts for some of the events so if you have an idea and want to host an event please contact Karry. I think that's all the news for this month if you have any questions contact me or any board member .

## USE CAR'S EXHAUST TO CLEAN CUSHIONS

Using the exhaust gas of the automobile to clean the upholstery is the accomplishment of a recently invented device. An aluminum attachment is fastened to the exhaust pipe and the engine is allowed to idle. As the exhaust gas passes through this device suction is created at the inlet hole. Collected by a

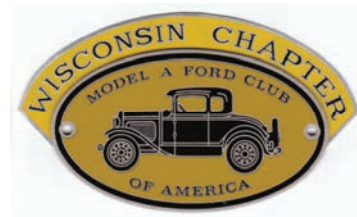

nozzle, the dust and dirt are drawn through the hose and expelled into the air at the rear of the car. It is made in three models, for cars of different size.

With the car's engine idling, gas from the exhaust creates a vacuum that cleans the cushions

The club accessories store (*no longer in existence*) is now selling "The Best of Wes", Babbit Banner. These books put together by Michael and Stephanie Grundman contain the cartoons of Wes Campbell, which have been in the Wheeling the 'A' since 1973. The price of the book is \$4.25.

The May 1999 newsletter also contained a 'Ladies Page' written by Marlene Grundman which contained instructions for making a 'costume slip' as well as recipes for 'Refrigerator Pickles', 'Top of the Stove Rhubarb', and 'Strawberry Rhubarb Crumb Pie'. Other household hints included in the Ladies Page were:

Keep cut flowers fresh by filling the vase with a solution of warm water with 2 tablespoons of vinegar and 3 tablespoons of sugar per quart of water.

When washing windows, wipe from the top down on the inside and side to side on the outside of the glass. In that way you know where the streaks are.

## Looking Back in the Rearview Mirror

### Technical Seminar:

There were two projects to work on at our March Wisconsin Chapter Model A technical seminar.

At our February seminar we had installed the head gasket and made sure Steve's Model A high compression head was torqued in the correct sequence to 60 ft. lbs. Steve decided this was the perfect time to re-build his Model A transmission for this engine. As it turned out, this was a good decision! The best transmission case and parts were selected from three transmissions. These parts were put together with new gaskets and Steve got a perfect like new transmission for his car. Now Steve will be able to keep up with Model A's going down the road!

Joe Schwark is in the process of doing a ground up restoration on his 1930 Model A Coupe. Joe brought his 1930 steering column to take apart. He took the column all apart and found that he has some good parts but needs to replace worn out parts. He will need to replace the upper race, sector gear, extension housing, sector housing, all new bearings, spark and gas rod, upper column bushing, and a steering wheel. The good news is Joe will not need to replace the worm gear.

We thank all those who came to our technical seminars this past year. We hope to see you all driving either modern or classic down Wisconsin roads this coming season.

If you have a project you would like us to work on please let us know. Our next Model A technical seminar will be Thursday, October 15, 2015
