## March 13, 2016 Indoor Meet

Linda and Dave Huenink are hosting the March 13th, 2016 indoor meeting at 1:30. Our guest speaker will be Polly J Huenink-Schellinger, Board Certified Registered Nurse, Board Certified Holistic Nurse, Certified Clinical Aromatherapist, Certified Healing Touch Practitioner, Certified Reflexologist, Prepare for Surgery, Heal Faster Facilitator, Educator, Holistic Therapies at Carroll University. In our time together, she will give you some no-nonsense tips for choosing essential oils as well as some applications for certain essential oils. A brief overview of essential oils will also be included. Essential oils will be brought to class for demonstration of aroma.

Clinical Aromatherapy has come to the forefront for augmenting wellness. It compliments Western Medicine with many health conditions. Aromatherapy and traditional medicine have a beautiful balance between them which in turn can improve patient well-being. Years ago aromatherapy was considered a beauty treatment or only to be used for perfume. In the last ten years the value of aromatherapy has escalated. With the fractures in mind, body and spirit individuals have sought out alternatives to taking only medications. Significant research has been done on essential oils. Correctly understanding essential oils necessitates knowledge in organic chemistry, botany and safety. A clinical aroma therapist has undergone this education and continues to study and examine literature/research in essential oils.

What is an essential oil? An essential oil is a highly aromatic substance found in specialized cells of certain plants. The plants undergo distillation and the substance that remains is an essential oil. Essential oils are extracted from roots, grasses, leaves, woods, barks, spices, fruits, flowers, herbs or gum. Each essential oil has therapeutic properties, indications for use and safety considerations. Not all essential oils are created equally.

*54th Annual  
Model A Reunion  
July 29th-30th-31st, 2016  
YOU AND YOUR FAMILY ARE INVITED...*

**This Model "A" Reunion** is the greatest gathering of old Fords and old Ford enthusiasts in Wisconsin. The Reunion, originated in 1962, is sponsored by 4 clubs: Central Wisconsin Chapter MAFCA, Wisconsin Region MARC, Nickle A Region MARC, and the Wisconsin Chapter MAFCA.

The meet consists of a weekend of enjoying Model "A's" and Model "A" fellowship, and includes Tours, People's Choice, Kids' Games, Hubley Derby, Car Games, Chapter Team Events, Women's Rolling Pin Toss, a Dance, Fund-Raising Auctions, Shoe Box Swap Meet, as well as lots of surprises and fun.

**The Reunion is held** the last full weekend in July, unless it conflicts with a National MARC or MAFCA meet. The Central Wisconsin Chapter MAFCA hosts the reunion on their privately held 10-acre site, which includes a club house, wooded campsites, and is close to many nice motels and restaurants. These ground were developed and maintained for Model "A" activities.

**Location:** The club grounds are located 4 miles east of Wisconsin Rapids, or 11 miles west of Plover, just south of state Highway 54. Turn south on 72nd Street (a dead end road). Watch for signs.

**Weekend Activities**

Refreshments are available throughout the weekend for registered participants.

**Good Food:** A potluck lunch is planned for Saturday and Sunday. Guests and members are asked to bring 2 dishes to pass (one for each day). Friday and Saturday evening, you may want to roast hotdogs at your campsite or go out for a relaxed dinner at one of the nearby restaurants with a group of your new friends.

**Friday** afternoon the registration table opens. An Auction will be held in the evening of Model A related items, as well as other donations for kids, ladies, and men.

**Saturday** morning starts with a Shoe Box Swap Meet, Technical Seminar, then a noon potluck, followed by a driving tour. A Silent Auction will be held throughtout the day. There will also be a Hubley Derby and kid's games. A dance will be held at the club house for the evening's entertainment.

**Sunday** is a day of car games, potluck lunch, Chapter team events, and a ladies rolling pin toss, followed by the awards presentation.

**Where to Stay**

Primitive campsites are available on the grounds. Camping is open the Wednesday before the meet through the Monday after the meet. The fee per campsite is \$15 for the entire weekend. For those who prefer a few more comforts of home, the following motels are located only a few miles from the reunion.

Register early, as the motels fill fast.

## PRESIDENTS NOTES:

Hello Everyone

Well here we go into another Christmas season as I write this Christmas hasn't arrived yet but when you read this it will have passed. I hope everyone had a very Merry Christmas.

I would like to announce that Bob Schmiechen is going to come onto the board of directors. In the past job positions were combined or turned into volunteer positions. Once Bob joins us we will all decide which position to bring back to the board. I welcome Bob to our group.

As I announced at the December indoor meet Maffi is giving each club one free membership to a youth under the age of 21. The only requirement is the person must have their own e-mail address to receive the newsletter. If you know of a youth in our club that you would like us to consider please let me know before February 1<sup>st</sup> as we will make our selection at our February board meeting as of right now we have two candidates.

I would like to thank the December Christmas party hosts The Bouchers and Yokofichs for running that party for our club. Also a big thank you to our special guest Santa Claus, I know he was a big hit with all the kids. As we move into the New Year please remember to renew your club dues with the club secretary if you have not already done so.

Our club banquet is quickly approaching as is the deadline for reservations if you have not already sent in your check and reservation please send it to Karry Kultgen.

We still have some touring season event dates available if you would like to host an event please contact Neil the outdoor chairman. See you soon and again Happy Holidays to all.

Mike

# MAFCA Wisconsin Chapter General Meeting Minutes

## December 13th, 2015

Board Members Present: Mike Quam, Steve Lewis, Randy Kind, Dave Huenink, Karry Kultgen  
Board Member Absent: Neil Besougloff

Mike Quam called the meeting to order at 1:03 p.m.

**President** –Mike – Mike thanked everyone for coming. The club received the reciprocating newsletters. The Bold Organization sent our club a thank you note for our donation. The club also received a thank you from a person who uses the Bold Organizations services. The club received a thank you note from the American Cancer Society for the \$50.00 donation in remembrance of Wally Klager. Wally Klager's family also sent a thank you note to club for the donation.

**Vice President** – Randy – There no new members this month. The order has been placed with Manitowoc Trophy for this year's awards.

**Secretary** – Dave – A motion was made by Ron Smith and seconded by Dave Boucher to accept the November 8th meeting minutes as written. The motion was put to a vote and it carried. Eighty one members renewed their 2016 membership.

**Treasurer** – Steve – A report of the revenue and expenses from last month was given. A motion was made by Jim Kummer and seconded by Bob Schaefer to accept the treasurer's report. The motion was put to a vote and it carried.

**Outdoor** –Mike for Neil – A few of the outdoor events for 2016 need hosts. The signup sheet for next year's outdoor events was passed around to the membership.

**Indoor** – Karry – All of the indoor events have hosts. Thirty one people have signed up for the banquet.

**Old Business** – none

**New Business** – Bob Schmiechen is running for the Board of Directors. No one else is running so nominations were closed.

One hundred and seventy six spaces are sold for the swap meet and forty seven spaces remain unsold. To date the club has received \$6,527.00 in income from the swap meet. Bob Schaefer needs a few more volunteers to help at the swap meet.

Roger Olsen gave a report in the Wisconsin Rapids Reunion and touched on the itinerary. Our club is in charge of the car games at the event. The event takes place July 29<sup>th</sup> 2016 through August 1<sup>st</sup>, 2016.

A donation was made by our club to the Sojourner Truth House for \$500.00

MAFFI is offering a free membership to anyone in our group under 21. Two members in our club have grandchildren who are interested. MAFCA is also offering free membership for NEW members to their organization.

Roger Olsen made a motion to adjourn the meeting and it was seconded by Jim Kummer. The motion was put to a vote and it carried. The meeting was adjourned at 1:23 p.m.

Respectfully submitted,  
Dave Huenink

MAFCA – Wisconsin Chapter Secretary

## Model 'A' - did you know????

The 1931 Deluxe Roadster wheels were factory painted to match the stripe.

The "tea cup" design tail lamp was used from November 1928 to the end of 'A' production.

The Town Car was the most expensive 'A' selling at a price of \$1200.

The Victoria was introduced in November of 1930.

Jan 12, 1904 Henry Ford set the world speed record at 91.37 mph on frozen Lake St. Claire.

Jan 1, 1919 Edsel B. Ford succeeded Henry Ford as president of the company.

### Rebuilding the Oil Pump Drive Assembly

There is a small part that drives two critical items in the Model A engine. It is the oil pump/distributor drive gear. This part sits in the valve chamber of the Model A connected to the camshaft. There is a gear on the cam shaft in the center that drives this drive gear.

It is a simple rebuild, but often over looked because it doesn't seem to be all that important. Several problems come from not replacing the gear on the drive. If the gear or the connector slot is worn, the distributor will develop a sloppy performance moving in and out of time as the engine revs. While it won't be catastrophic, it does cause the car to not run at its optimum. If the gear gets too worn, the chance of breaking a tooth causes the timing to slip and worse the drive ceasing to function. If the drive fails, the oil pump stops and this could damage the bearings. If it stops the car will stop at the same time since the distributor will stop working and the engine will stop running.

*Continued on next page.....*

*Continued from previous page...*

The drive is held in by a large spring. It is in the center of the valve chamber. There is a shaft coming down from the distributor that will need to be removed to take the drive out of the valve chamber. This is done by loosening the screw in the head that holds the distributor in place. Lift the distributor out of the head. There will more than likely be a lower shaft that you will need to grasp with needle nose pliers. This is the shaft you see in the valve chamber going into the drive. Once it is removed you can compress the spring and move it out of the way, then the gear assembly can be pulled out. Inspect the shaft ends for wear. They are usually worn down and will allow the shafts that engage with them to slop back and forth. Not too big a problem on the oil pump but the distributor will shift time with each movement.

Next inspect the teeth, make sure none are broken and they are not real sharp. If worn to the point of being extremely sharp on the edge they are getting close to failing. New drive gears are sold at the various parts vendors, as well as complete assemblies. But fixing your own gives some pride of ownership and it is not difficult.

There is a pin going through the lower part of the assembly. You will need to drive that out and the pieces will come apart. When you order a gear, get the sleeve and pin just to make your life easier in case you can't save either of those pieces.

This is a good time to thoroughly clean the housing. Then install the drive gear, replace the sleeve and pin and you are finished. Put it back in the spot in the valve chamber, reinstall the shaft and distributor and it is complete. Of course, put the valve cover back on and anything else you removed to make this happen.

You can watch a video of this process in real time on You Tube. Go to [YouTube.com/modelatimes](https://www.youtube.com/channel/UCm0elAtimes); then look for oil pump drive gear.

A Very Special Thank You to everyone who came out on a miserable night to our last seminar of 2015 in November. Just goes to show you, Model A people are A hardy lot!

Everything went well getting the valve seats done as well as inserting four new valves. We finished working on the engine and it is ready to go. The seat grinding tool from our chapter tool crib came in very handy on this project.

Remember to check with our own Wisconsin Chapter Model A Tool keeper, Bill Storey, when you need a tool while doing a project. You can find a list of available tools on one of the back pages in the roster.

Our next seminar will be Thursday, January 21, 2016, at Mail Truck Model A. The topic will be Stainless Polishing. Al Downs, Jeff Bezotte and Chris Stauersbol will show us the correct way to polish stainless. At this time we have two head light buckets and a 1931 radiator shell to polish. If you have some stainless items you would like polished, please bring them that night.

Remember also to call Tony at Mail Truck Model A in January if you are considering ordering tires.

We need YOU to help us have A good seminar! Bring your chair and come by 7:00 p.m. to  
Mail Truck Model A, 8509 S. Howell Avenue, Oak Creek, WI 53154 Questions? Call Roger @ 262-554-7058

Thank You  
Roger, Jeff, and Tony

## Looking Back in the Rearview Mirror

On Sunday, November 22nd, our group attended the 53rd annual Waukesha Christmas Parade. The weather was 26 degrees and snow was on the ground - perfect weather to get us in the holiday mood. We also had a hint of snow flurries shortly before the parade started adding to the spirit of the season. Although it was a little chilly we dressed warmly and had a great time.

I want to thank Dave and Donna Boucher and Bob and Karen Schmiechen for attending. Our cars were decorated and looked great. The streets of downtown Waukesha were crowded with spectators spilling out into the street to see the parade come through. The street narrowed so much in some areas that there was only room for a car to fit through.

### Club Annual Christmas Party 2015

When we left home for the Christmas Party, the temperature was 59 degrees. It was hard to tell if we were going to the Christmas Party or a May driving tour. The weather helped as we had a great turn out. The business meeting was short and Santa arrived right on time. He handed out presents to all the good little girls and boys and a couple of naughty ones too. This year we had a great response to our grandchild invite as we had 27 kids. Once Santa was done it was time for some magical fun with Bingo the clown. Besides the magic, all the kids got a special balloon creation.

The goodie table was busting at the seams thanks to all who brought treats to share. It seemed like all the kids and adults had an enjoyable afternoon. Thanks to all who helped with the party.
