Annual Picnic

Sunday, August 15th

Picnic will be at the same place as last year, The Sussex Village Park W244 N6125 Weaver Drive, Sussex

Picnic and 65th Anniversary celebration will start at noon with food being served approximately at 1:00 p.m.

-Mark Ackermann

This year – 2021 – is the sixty-fifth anniversary of our car club, the Model A Ford Club of America – Wisconsin Chapter. This is quite a special milestone for our car club. Not too many can say that their car club has been in existence for sixty-five years. Some of the original founders are still members of our club which is very exciting. The main celebration of the club's anniversary will take place at the annual picnic on August 15th,

2021, at the Sussex Village Park (The same place as last year). More details will be available regarding this event in *Wheeling the A* as it gets closer. It would be great if we could get as many members as possible to attend this special celebration. It would be a great opportunity for you to be part of, whether you still own a Model A or not, and take the opportunity to get some car and member pictures as a remembrance of the event. It is always fun to visit with your fellow club members as well.

The Board of Directors has decided, in light of the club's sixty-fifth anniversary, to offer a custom, 9 can fabric cooler with the club's logo on it to the membership. These coolers are great to take along on road trips in your Model A or personal car. They are compact enough to fit just about anywhere in a Model A. **Please see the pre-order form on the next page if you are interested in getting a cooler. You need to order them by August 1, 2021**

Also, to commemorate the club's anniversary, there will be some custom, especially decorated bakery from the Elegant Farmer in Mukwonago for every member in attendance at the picnic. Each will be individually wrapped.

An article about our club's 65th anniversary will be published in the July/August issue of the *Restorer*; The Model A Ford Club of America's bi-monthly publication so watch for that article.

We look forward to seeing everyone at the club's picnic to celebrate the Model A Ford Club of America – Wisconsin Chapters 65th anniversary.

Best Regards,
The 65th Anniversary Committee

The meeting was called to order at 6:56 p.m.

President – Mike - The Board received a reciprocating club newsletter.

Vice President / Sunshine –Karen - There are two new members this month – Christopher Milbauer from Milwaukee, who owns a 1930 Murray Fordor and Mike Kozak from Eagle, who owns a 1930 coupe. The hosts will be previewing the entertainment within the next week or so.

A motion was made by Steve and seconded by Dave to end the meeting. The motion was put to a vote and it carried. The meeting was adjourned at 7:30 p.m.

Presidents message:

Hi All,

As I write this article it appears the summer season is here, I sure hope so I'm ready to use the cars, use the pool and just enjoy nice warm weather. I'm hoping the summer season will finally come down to a steady pace as April and May were kind of a blur for me.

We have gotten a few new members in the past month so if you see any of them at an event be sure to say "Hi" and welcome them into our club.

We have a bunch of great events scheduled so watch the paper for details and try to attend as many as you can, they are always fun. Please remember if you want to attend the roaring 20's event at Menomonee Falls Historical park let me know as I am the contact person for that event. (From last month- Our club was invited to attend a roaring twenties event with our cars at the Menomonee Falls Historical Society on August 21st. I will be the point person for this event so please contact me if you are interested in attending. Please view there website for more details at <http://www.oldfallsvillage.com> They will have a beer garden there food and drink for purchase. The time table for us would be meet there at 1:00 p.m. and stay through 4:00 p.m.)

We also have the Ixonia car show to attend if you're interested. We have also been invited to the Ixonia Vintage Tractor Expo at the Ashippun Firemen's Park, W2665 Oak St. on May 30th from 8:a.m. to 5:00 p.m. they are looking for all Ford products: Trucks, Tractors, Cars, Doodle Bugs, so feel free to bring anything you have.

The club banquet for 2022 is moving along nicely so mark your calendars to attend that event it will be a daytime event for the first time so it will be easier for some to attend. Sounds like a great time ahead. Well that's all for this month pump up your tires and choke your carburetor see you soon!

SERVICE STATION ATTIRE IN THE MODEL A ERA

By Lois Przywitowski

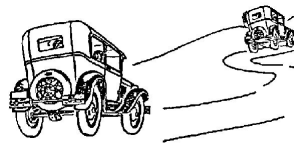

In the early years of the automobile, getting gas for the horseless carriage was no small feat. Dispensing gasoline evolved from bulk depots on the outskirts of towns, often requiring three people to fill the tank, to curb side pumps. As the popularity of the motor car increased and technology allowed larger quantities of fuel to be refined from the same amount of petroleum, merchants of all stripes, from bicycle shops, general stores, garages, and automotive dealers, installed gas pumps in front of their establishments. By 1920 approximately 15,000 gas stations were located in the United States. They were rudimentary at best, some little more than shacks, with advertisements littering their walls and the roads leading to them. They were considered by many to be an eyesore, and even worse, there was little confidence in the product they offered.

Major oil companies took note and began to standardize their stations, making them visually appealing to the motorist. Not only did the station need to look good, the service employees needed to project honesty, integrity, reliability and quality. What better way to do that than through the clothing they wore?

Ford Service Bulletins emphasized service, shop cleanliness, and the appearance of the employees. This illustration, from the July 1928 Bulletin, shows the serviceman in a shop coat, with the Ford Logo, shoes polished, and cap in hand.
