# SUNSHINE REPORT

*by Tony Koconis*

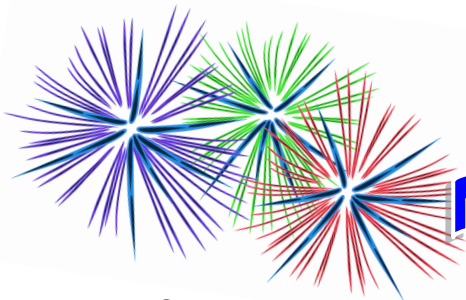

**Editor received email from Sandi Ford it states:** "It is with great sadness that we share that Bill passed away unexpectedly this past Wednesday, October 5. He was 69 and retired two years. I was planning to retire this coming March. We were looking forward to that next chapter. Bill, I, and our children had such wonderful times with the club, even if for those few years. Such fond memories of so many great people!"

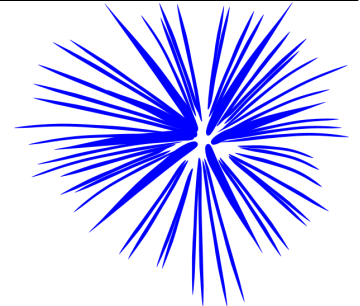

Thank you all!

## 2022 Waukesha Christmas Parade Drivers Needed

The club will be participating (with our cars) in the Waukesha Christmas Parade. The theme this year will be "PEACE ON EARTH". The parade route will be different this year and there will be safety protocol to help insure everyone's well being. The parade will also be televised on TMJ4. We will decorate our cars in the Christmas spirit to celebrate the season and the organizers of the parade have asked if we could have holiday appropriate lighting on our cars. Santa will be in attendance and will be checking his list to see who has been naughty or nice. Of course, all of us will be on his nice list.

The parade will take place on Sunday, **DECEMBER 4<sup>TH</sup>, 2022**, at 4:00 p.m. Please take notice of the date change. In years past, the event was always the Sunday before Thanksgiving but for a variety of reasons the Chamber of Commerce and City of Waukesha decided to move the date and the parade route. What "A" great opportunity to bring out our "A's" one last time before we put them to bed for the long winter. The weather at the parade has been in our favor nearly every year and I am confident this year will be too.

The parade starts at 4:00 p.m. so we will plan on lining up in the staging area at 3:00 p.m. This will give us plenty of time to decorate our cars, look at the other participants floats, listen to the bands play some seasonal music and visit with each other at the last outside event. For those interested in driving to the parade together, **we will meet at Culvers Restaurant at 1720 Hwy 164 at 2:30 p.m.** for some hot chocolate before we head to the parade. The restaurant is on the Hwy 164 by-pass just south of Moorland Road by all the car dealerships on the east side of Waukesha. If you have any questions, please feel free to give Dave or Linda a call at 262-719-1056.

**We look forward to seeing you there!!!**

## PRESIDENT NOTES:

Hello

Well, with the trace snow flurries we had here and the 2 feet of snow in the Upper Peninsula I guess there's no escaping the fact old man winter is approaching.

The October tour looked great, sorry we missed it but we were in Door county with another car club tour.

The November indoor pizza party is quickly approaching and then one final outdoor event, the Waukesha Christmas Parade, so don't put the cars away yet!

We have some good indoor events in the works for the upcoming season so stay tuned to the paper. Remember to sign up to help at the swap meet if you are interested, they always appreciate the help.

If you have any ideas or interest in hosting a summer tour in 2023 see Mark at a meeting.

The annual club banquet will be at a new venue this year so keep watch for the details. I guess that's it for this month see you soon.

Sue and I would like to wish everyone a Happy Thanksgiving.

-Mike

We will use the West Pavilion and East Expo Center where each aisle vending space will be approximately 11' X 9' and is \$40. Wall spaces may vary in size depending on location in either building and are \$45.

We have space available for car clubs to help promote their special interest to the public. Clubs may use these spaces to sell their club merchandise and/or hand out club literature, spot not to be used for selling car parts. Those spaces are \$30 and are approximately 3' X 11" and include one free table (no credit given if table not used) and admittance for two people.

1.) Returning vendors will have the option to occupy the same space(s) they did in 2022, however your payment and completed application **must be returned us by November 7, 2022** to insure your same space(s).

2.) After November 7, 2022 any available spaces will be sold on a first come first serve basis. We will honor your space requests as best as we can, however, **WE DO RESERVE THE RIGHT TO ASSIGN VENDOR LOCATION. WE ALSO RESERVE THE RIGHT TO DECLINE TO SELL SPACES TO PAST "NO SHOW" VENDORS.**

3.) Maximum number of spaces for a vendor is limited to 6, to help ensure a more diverse selection of swap merchandise. Each space rental includes 2 free admission wrist bands.

4.) **The event is advertised from 8:00 am till 2:00 pm. It is expected that all vendors will sell their wares until 1:00 pm. THIS IS MANDATORY OR YOU ARE JEOPARDIZING YOUR SPOT FOR FUTURE EVENTS.**

5.) Vendors **MUST** vacate building by 4:00 p.m.

6.) Spots are not guaranteed due to circumstances beyond our control.

All other spaces will be available until we are sold out.

You will receive a letter shortly after January 10, 2023, confirming your building, space location, your arrival time and wrist bands for your space(s). Please arrive at your designated time only. Wearing your wrist band is **required** the day of the show.

Thank you,

# 'A' Trip Back to the Nov. 1981

“Cars and Clubs” from an article in the November 1981 newsletter:

Just as an automobile is made up of integral parts, functioning toward a main goal, a club is made up of many members, who, when working in unison, will steer the club to its ultimate goal. While a Model 'A' wheel must have many spokes to support the weight of the car, the club must have an active membership in sufficient number to support the club.

The President is the steering wheel. He guides the vehicle in the direction the club has chosen.

The Vice-President is the tie-rod. He/She advises the President to stay within the bounds and to preserve a continuity of action.

Board Members are like spark plugs, each one directing his energy to a specified area of club activity.

The Secretary is the rear-view mirror. The past and present activity of the club is reflected in the record of meetings and activities.

The Treasurer is the battery which stores the needed energy to keep the club moving.

The long-time members are the seats of the Model 'A'. They are well worn and we sometimes take them for granted. They are always there to support the club. Trips would not be comfortable without them.

The oil in the car's engine is the club's flexibility and ability to make changes from time to time as the need arises.

The Editor is the horn. She “heralds” the many activities of the club among the active and inactive membership and friends of the club.

So, let's be glad we have such a fine car to represent the many fine members we have in our club, and if each of us does his job half as well as old Henry's Model 'A' Ford does its job, this club will be alive and well for many, many years to come.

## Roadside Rhymes:

He had the ring  
He had the flat  
But she felt his chin  
And that  
Was that  
BURMA-SHAVE

Your beauty, boys  
Is just  
Skin deep  
What skin you've got  
You ought to keep  
BURMA-SHAVE

Every day  
We do  
Our part  
To make your face  
A work of art  
BURMA-SHAVE

**This month we feature 'Hunter's Delight' (Pat Hammond, from *Wi Chapter, "A" Road to Good Cooking*)**

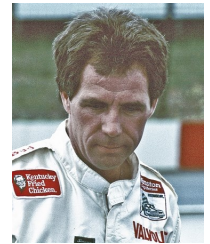

½ lb cubed pork  
½ lb cubed veal  
1 can cream of chicken soup  
1 small can whole kernel corn  
1 green pepper, chopped  
1 can water  
1 (4 oz) pkg cheddar cheese  
½ pkg Kluski noodles  
1 can cream of mushroom soup

Brown meat and put in casserole dish. Mix together soup, water, corn and green pepper, mixing well. Cook noodles, drain and add to soup mixture. Pour over meat and sprinkle cheese on top. Bake in a 350 degree oven for one hour.

**Events for November 1981:**

# In the Rearview Mirror...

On September 18<sup>th</sup>, 2022, twenty-eight people met at the McDonalds in Big Bend. Although the weather report called for a chance rain, there were nine Model A's, two Model T's, one 1946 Ford, one early Ford Mustang and some modern cars that were part of our group. (The rain never appeared and we had sunshine all day.) The group left the restaurant and headed east through Mukwonago and some beautiful countryside arriving at Rushing Waters Fishery in Palmyra where we were greeted by our tour guide – Kyle.

Kyle showed us many of the fresh water ponds where the rainbow trout are raised. As they mature, they are moved to different ponds and after 9 months or so they are old enough to be sold. On site they have 1.2 million fish from fingerlings to adults. They do not breed fish on sight but get their female eggs from Norway or Denver Colorado and they only take one day to ship. The survival rate of the female eggs to adulthood is 88%- note they do not raise male trout. Vicki and Dennis Cooper tried their hand at fishing and caught three fish in the fishing pond.

After some fishing and shopping the group left Rushing Waters and took the country roads to the Apple Barn and Winery in Elkhorn. We enjoyed the music being played by a local group, eating apple cider donuts, drinking some fresh apple cider and having some lunch. A few members of the club enjoyed some wine tasting while others went apple picking in the orchard. The group had a wonderful time and had a great time visiting with each other.

The group then left the Apple Barn and Winery and headed to Gus's Custard Stand in East Troy. All of us enjoyed our custard/food and reminisced about the day we had. A number of customers at Gus's asked about the history of our cars and wondered if they could take pictures. That ended the tour.

Linda and I want to thank everyone who attended the tour and we hope everyone had a great time. It is always good to see everyone.

Cedarburg Fire Station Tour Sunday, October 9, 2022

Fourteen Model A's, two Vintage Mustangs, and six modern iron vehicles started A tour from Menomonee Falls on A beautiful Wisconsin Model A late morning.

Stan and Pat led the way in their Mustang with the top down. For our first point of interest, we drove through the aromatic Menomonee Falls Dump. We learned you pay to dump your garbage and Menomonee Falls gets the money!

We continued on our way past the location of the first Lutheran Church which was A log cabin built in 1840. This was eight years before Wisconsin became a state. The present church was built in 1884.

A short drive down the road found us traveling past Boeklke Hardware Store which opened in 1927. This was an old fashioned hardware store with tools and lots of things.

A few miles later we reached our destination, The Cedarburg Fire Station. In 1866, men with great vision founded the all volunteer Cedarburg Fire Department. Original members of the fire department with help from other community members, took great pride in constructing their first firehouse. Members were required to donate work time and two (\$2) dollars each toward construction costs of the first firehouse. By 1908, the department moved to its quarters on Mequon Avenue. There is a museum of antique apparatus and equipment in A building attached to the garage of the present day volunteer Cedarburg Fire Station equipment.

Throughout more than 150 years, the all volunteer Fire Department has continued to serve, maintaining a mutually beneficial relationship between the community of Cedarburg and the Fire Department. With much foresight and planning, the Department has been financially independent, much to the benefit of Cedarburg citizens. The costs of firefighting vehicles and personnel compensation, absorbed by the volunteer Department has had A positive effect on taxpayer savings of more than \$10,000,000.00!

We first entered the area where the vintage fire fighting equipment is preserved in pristine condition. We listened to an interesting and informative talk about the Fire Station by retired fire chief Rich Van Diner.

We also welcomed two brand new members who enjoyed their first Wisconsin Chapter Model A outdoor event. Before we moved on to the modern fire apparatus, on behalf of Mike Brojanac, Stan presented a commemorative Cedarburg Fire Station 1866 -1966 mug to retired chief, Rich Van Diner.

At the conclusion of our tour, Stan and Pat once again, led the way from the Fire Station down quiet scenic roads to the Mequon Pizza Parlor. We were treated to A video of A Model A Shotgun Wedding for our viewing pleasure while we dined on pizza at Mequon Pizza. We noticed the video was filmed several years ago traveling the same roads we had been on.

Everyone seemed to enjoy visiting as well as the excellent pizza and beverages. It was A Perfect Model A Day!.

-Pat and Stan Larson Jan Olsen

A Side Note:

The present day owner of the original Cedarburg Fire Station is Stan Larson. A ceremony was held and the building now displays a plaque which speaks of the department's first Fire Chief Fred Schatz and his vision in 1866 to create a self- supporting fire company - a tradition that still endures today. The dedication was held on June 11, 2021, (exactly 154 years to the date of the original firehouse meeting on June 11, 1867). Mr. Larson unveiled the customized plaque and presented a check for \$500 to the department, the original paid price for the property.

Stan Larson and new member Harry Opperman
