Send all Wisconsin Chapter Correspondence to:
WI Chapter MAFCA
PO Box 26006
Wauwatosa, WI 53226-0006

Please remember:

- To contact the club secretary if you have change of address, email address or phone number!
- To submit an article before and after your event.
- Deadline to submit articles and ads is the 15th of each month and remember the editor is always working one month ahead. Example= January issue is being created in December.
- Check out www.model-a-wis.com for more pic-

Reminder!

November thru March all indoor meets are at St. Aloysius Church, 1414 S. 92nd St, West Allis, WI in the Gonzaga Hall, unless otherwise noted.

Cars and drivers needed for annual Veterans Day parade

Ten Model A's are needed for the 53rd annual Milwaukee Veterans Day Parade on **Saturday, Nov. 5**. The parade is scheduled to kick off in downtown Milwaukee at 11 a.m. Lineup is by 10 a.m. (exact street location to be announced).

As in past years, we will be giving members of the AMVETS organization rides during the parade. Usually we don't fill all of our cars with veterans, but please leave room in your car for one or two AMVET riders just in case.

We'll meet 8:45 a.m. for a hearty breakfast and coffee (self pay) at Miss Katie's Diner, 1900 West Clybourn Street, Milwaukee (corner of 19th Street and Clybourn Street, one block south of Wisconsin Avenue).

Neil Besougloff is the event host. In order to coordinate the number of cars, please call Neil at 262-408-1479 (cell) or email him at nbesougloff@sbcglobal.net.

November 13, 1:30 p.m.
Board Meeting and Pizza Party
at Gonzaga Hall

2016 Waukesha Christmas Parade Drivers Needed

Once again this year our club will be participating (with our cars) in the Waukesha Christmas Parade. This is the 54th annual Christmas parade and the theme this year is "A Star Spangled Christmas". So plan and join Linda and Dave Huenink, along with Morgan the wonder dog dressed in his holiday finest, at this year's parade. The parade will take place on **Sunday, November 20th at 4:00 p.m.** and will be a great opportunity to bring out our "A's" one last time before we put them to bed for the long winter. We have always had a great turn out for this event and the weather has been in our favor nearly every year. In years past we have been allowed to decorate our cars and this year will be no exception. So plan on coming along and joining the fun.

The parade starts at 4:00 p.m. so we will plan on lining up at 3:00 p.m. This will give us plenty of time to decorate our cars. For those interested in driving in together, we will meet at Culvers Restaurant at 1720 Hwy 164 at 2:30 p.m. The restaurant is on the Hwy 164 by-pass south of Moreland Road by all the car dealerships and Woodman's Foods on the east side of Waukesha. If you have any questions, please feel free to give Dave or Linda a call at 262-378-4216.

We look forward to seeing you there.

Dave and Linda Huenink and Morgan too!!

December 11, 1:30 p.m.
Board Meeting and
Christmas Party at Gonzaga Hall
HOST NEEDED

January 8, 2017, 1:30 p.m.
Board Meeting and Custard Social
at Gonzaga Hall
Hosted by Dave & Carol Rozman

*Model "A" Banquet - Celebrating 60 years
Saturday, January 28th, 2017
Meyer's Restaurant
4260 S. 76th Street
Greenfield, Wisconsin*

*Hosts:
Dave and Linda Huenink*

*Time: 4:00 p.m. - 5:00 p.m. Hor d'oeuvres & Drinks
Service Awards: 5:00 p.m. to 6:00 p.m.
Dinner: 6:00 p.m.
Followed by entertainment, and more awards.*

Menu - Served Family Style

 Swap Meet, 1305 N. Morgan Road, Oconomowoc, WI 53066

Dear Vendor,

PLEASE MAKE SURE TO READ ENTIRE PAGE.

Our Greater Milwaukee Area Winter Swap Meet will be held **Sunday, February 26, 2017**, at Washington County Fair Grounds in West Bend, Wisconsin. We will use the West Pavilion and East Expo Center where each aisle vending space will be approximately 11' X 9' and is \$35. Wall spaces may vary in size depending on location in either building and are \$40.

We have space available for car clubs to help promote their special interest to the public. Clubs may use these spaces to sell their club merchandise and/or hand out club literature, spot not to be used for selling car parts. Those spaces are \$26 and are approximately 3' X 11" and include one free table (no credit given if table not used) and admittance for two people.

1.) Returning vendors will have the option to occupy the same space(s) they did in 2016, however your payment and completed application must be returned us by November 7, 2016 to insure your same space(s).

2.) After November 7, 2016 any available spaces will be sold on a first come first serve basis. We will honor your space requests as best as we can, however, WE DO RESERVE THE RIGHT TO ASSIGN VENDOR LOCATION. WE ALSO RESERVE THE RIGHT TO DECLINE TO SELL SPACES TO PAST "NO SHOW" VENDORS.

3.) Maximum number of spaces for a vendor is limited to 6, to help ensure a more diverse selection of swap merchandise. Each space rental includes 2 free admission wrist bands.

4.) NEW this year...All vendors MUST WEAR WRIST BANDS TO GAIN ACCESS TO THE BUILDING. NO WRIST BAND, NO ADMITTANCE!!!!!!

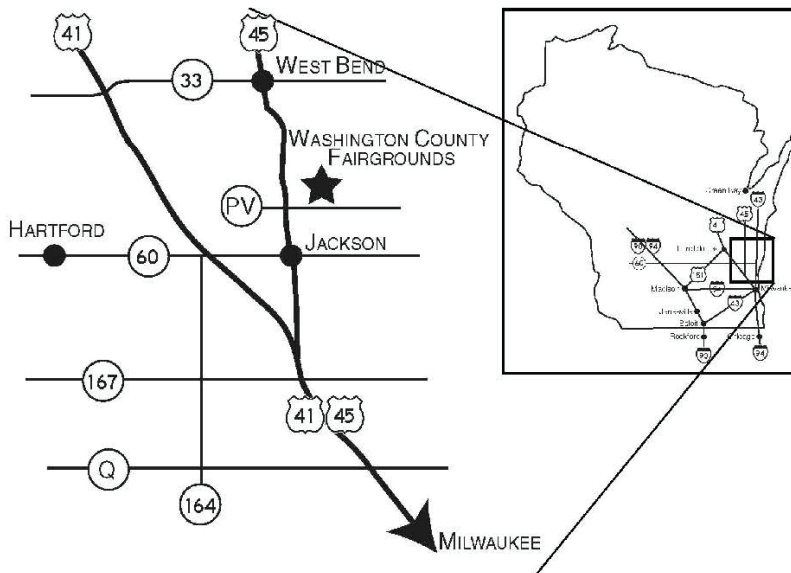

5.) NEW this year...Doors to public will NOT open until 8:00 a.m.

6.) Vendors MUST vacate building by 4:00 p.m.

All other spaces will be available until we are sold out.

You will receive a letter shortly after January 1, 2017, confirming your building, space location, your suggested arrival time and wrist bands for your space(s). Wearing your wrist band is required the day of the show.

Thank you,
WI Chapter MAFCA Swap Meet Committee

Volunteers Needed for

helping at our Indoor

Winter Swap Meet at Washington County Fair Grounds

(see previous pages for more information)

Sunday, February 26, 2017

TIME

JOB DESCRIPTION

Midnight or earlier	Marking spaces
4:30 a.m.— 1:00 p.m.	Vendor gate security outside
4:30 a.m.— 7:30 a.m.	Direct vendors
4:45 a.m.— 7:00 a.m.	Helping vendors unload stuff
4:45 a.m.— 1:00 p.m.	East and west door security
7:30 a.m.— 1:00 p.m.	Collect admission fee
7:45 a.m.— 1:00 p.m.	Greeters— check all who enter for hand stamps
2:00 p.m.— 4:00 p.m.	Clean up

Select your volunteer choice and contact Bob or Kitty Schaefer at 414-483-6539 to sign up.

*NO Board Meeting Minutes
for the month of October
as there was no meeting.*

FROM THE PRESIDENT

Hello Everyone

Well where did summer go?? The time to put the cars away for winter is very quickly approaching. You won't find any minutes in this newsletter because I cancelled the October board meeting. We had a majority of the board that could not attend so we will meet next in November.

Nominations for board of directors has been open since September and as of yet we have no applicants. Please consider helping your club, as we will have two vacancies this year. The club can continue to run with a board of five but it puts a bigger work load on the smaller group and we may have to sacrifice something.

As of the present moment we will be temporarily suspending the club technical meets.

If you're old enough to remember the holiday television special from 1974, 'The Year without Santa Claus', it looks like you will be able to live it this season as we have no hosts for the December Christmas party. So it will only be a regular informational meeting. I'm sorry to the families that have children but without volunteers, events will not happen and unfortunately this event fell victim to that.

On a more positive note eighty spots have sold for the annual club swap meet. Please remember to sign up to help out at the swap meet as many hands lighten the load.

I would like to give a big thank you to Carl Doro our club webmaster, for his many years of service to the club. Carl will be retiring his post at the end of the year. If you are interested in being the club webmaster please contact me or any board member.

I would also like to thank Jeff Bezotte for his help with the technical seminars, due to Jeff's busy work schedule he has stepped back from his technical duties. Thanks again to both of these volunteers. See you in November.

-Mike

NEEDED: Club webmaster

Contact any board member if interested.

Sunshine Report.....

Last I heard, Roger Olsen is back in rehab. Keep him and Jan in your thoughts and prayers as this has been a long and I'm sure, frustrating road for them.

As reported in last month's Sunshine Report, Kristine Morgan passed away due to bacterial meningitis. A memorial was sent to the Meningitis Foundation of America (MFA) in Kristine's name and we have received a note of appreciation from Chuck. Please continue to keep Chuck in your thoughts and prayers.

Mary Haban has undergone knee replacement surgery and by now should be well on her way to recovery. We wish her well and look forward to seeing her up and about again.

OPPORTUNITIES – Where are YOU?!?

Still need hosts for the **December** (Bah Humbug, Santa's thinking of going elsewhere!)

Don't like what's going on in your club? Want to see something different? Have some new ideas? It's easy to complain, but now's the time to take some action! Board positions available – **NOW** is the time to start considering where **YOU** can make a difference on the board!

Have an interest in IT? Know anything about WEB development? Our long-time Web Master, Carl Doro is retiring from the position. We are looking for someone to take over the position and would even consider a son/daughter or grandson/granddaughter who has an interest in Web development. Contact a board member if you or someone you know has an interest.

Remember – many hands makes the work load light. Even **SOME** hands will help!

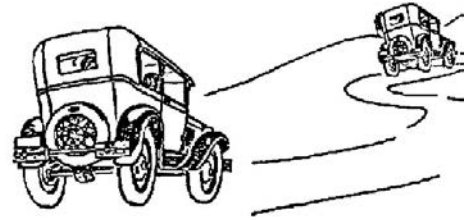

Please notify Bob Schmiechen with all sunshine needs. Call 262-544-5005 or email Robert_06@att.net.

Happy
Thanksgiving

'A' Trip Back to November 1986

Officers:

President – Jack Grundman
Vice President – Debbie Buckenberger
Secretary – Dennis Pierce
Treasurer – Dawn Dohmeyer

Nov 1 – Ghost Gallop, Ed and Barb Banach are hosts. We will meet in the Drug Emporium parking lot at 6:00 p.m. on 27th and College Avenue. The tour, prizes, costume judging and a live band will all be part of a fun-filled evening.

Nov 8 – Board Meeting, Bill and Grace Leiden are hosts.

Nov 9 – Indoor meeting at St. Aloysius Church where we will review the summer's outdoor activities.

Nov 13 – Technical Seminar, Francis Drake will be hosting this month's seminar on rebuilding the generator and starter.

Nov 18 – West Allis Christmas parade. Cars are needed for this Tuesday evening event. Line-up is at 6:30.

From the President (Jack Grundman): Election of three new board members will take place in January. Nominations will be accepted at the November and December indoor meetings. We are looking for capable people who take pride in their club. Other issues to be taken up include the Car Show/ Swap Meet and a World Meet Report.

New Members: Richard/Marilyn Dietz, '29 Tudor and Bill/Pat Hones, '30 Deluxe Coupe

Sunshine Report: The Wisconsin Chapter extends its deepest sympathy to the family of club member Jan Erickson. Her family, as well as those who knew and loved her, will deeply feel her loss.

The history of service stations: The horseless carriage was introduced in this country in 1895 and by 1913 registration exceeded one million. Simultaneous with this growth the gasoline end of the petroleum industry came into prominence. The adequate supply of cheap gasoline made this growth possible. Therefore it is only natural that the idea for filling stations should have developed. Horses had stables; cars had filling stations.

The first filling station in the U.S. is credited to the Standard Oil Company in Seattle, Washington, in 1907. The gas dispenser consisted of a hot water boiler and a faucet at a bulk plant. At this time filling stations were merely convenient points for a motorist to fill up with gas and oil. Soon after, other services were added. First came free air and water. Only those who have used back-breaking hand pumps can appreciate what a convenience this was to the motorist. By 1921 improvements in auto engines and better highways brought extended trips. Service stations saw the need for restrooms and drinking fountains. By the late 1920's the responsibility for lubrication was in the hands of a person who understood the machinery. The serviceman also would wash windows while the car was filled up. By the late 1930s service stations routinely stocked tires, headlight bulbs and batteries. Today everything essential to the care of your car can be found at your neighborhood service station. (seems like we may have gone full circle – how many "full service" stations exist? We have now become gas stations with convenience stores – try to find an auto battery at your local Kwik Trip.) *continued on next page*

Bob/Karen

Ray Salentine and the Packard Moving Van

By John Secord

The story starts back in the late 80's. I had just bought an Economy Power King tractor and it was out on my lawn one Sunday. A man drove in and asked me if I liked the machine. I said that I did. He was an older man and he had on a Power King jacket and matching cap. We talked about the tractor and I told him that I had an early Economy tractor from 1947. I took him inside my barn and showed it to him along with my old trucks and cars. Then he told me a story about a very old truck from his youth. I found out later that he was James Turner, the president and founder of Engineering Products Company, the makers of my Power King Tractor.

It seems that his parents had a home on an island in the middle of Lake Nagawicka near Delafield. Sometime in 1921, they bought new furniture for the house. It had to be delivered when the lake was frozen. When the ice was thick enough, Coakley Brothers Movers brought the new furniture to the island in an old hard rubber Packard truck. After the pieces were delivered, when they went to drive the truck back across the lake, a rear wheel broke through the ice and the crew said they would be back in the morning with a team of horses to pull it out. The truck was left to idle all night rather than trying to start it on a cold morning.

The next day, when they came back, there was a hole in the ice and the truck was gone. The lake is about 35 feet deep where it went down and no attempt was made to retrieve it. It was a very old truck, a 1912 Packard and I am sure that the crew was looking forward to a new one with pneumatic tires that went faster than 12 miles per hour.

Fast forward to the 1950's and the story was still told in Waukesha County bars. Ray Salentine and his son, Jim, of Ray's Garage in Tess Corners, ran the garage, but they also had a towing and recovery service. Ray was an avid antique car collector. His beautifully restored 1911 Pope Hartford was a magnificent example of a brass era car. When he heard about a brass era Packard that was in the lake it caught his attention. Rumor has it that there may have been a wager of some sort involved.

Joe Higgins and the local skin diving club confirmed the existence of the truck by bringing up the radiator and some other small parts of it.

That was enough evidence to get Ray started trying to recover it from the lake. In September of 1959 the project got underway.

Jim Salentine tells me that a cable was attached to the frame by the divers. Cable gathered from all of the big wreckers was pulled out to the island by a boat. A cable block was anchored to the island and coupled to the cable on the Packard. All this took more than 1500 feet of 5/8" cable and a lot of hard work. The

first weekend was spent pulling the cable to the island. In the process, one of the cable clamps slipped and the two cable ends had to be retrieved from the lake bottom. Eventually the old truck was raised off of the bottom by filling the truck body with 55 gallon barrels along with four military surplus bridge pontoons. They pulled it to the island. While pulling it up onto the island, the rear wheels hit the beach and unbelievably, the engine turned over spewing water out of the spark plug holes. *Continued on next page*

Continued from previous page....

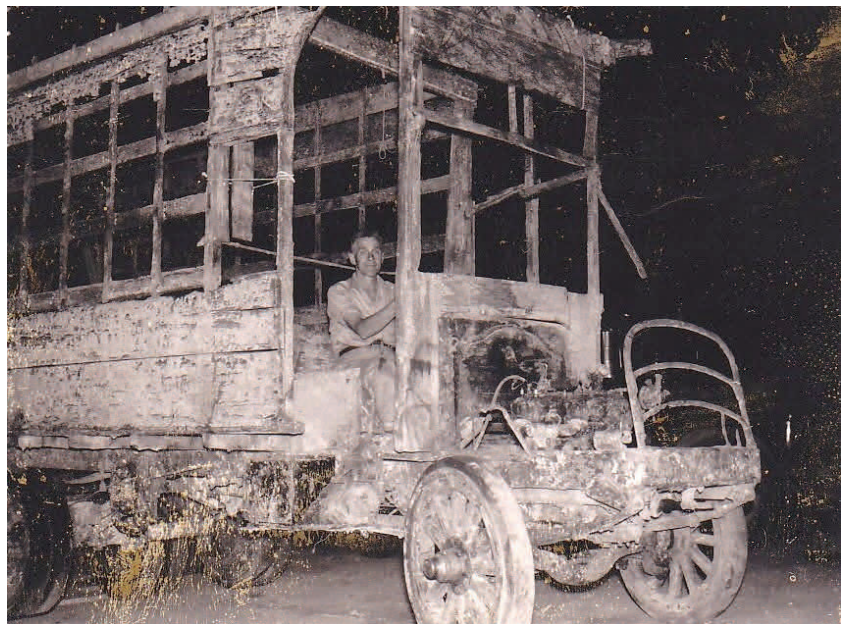

The moving van had landed upright on the lake floor. Joe Higgins and his son Pat said that the hardest part of the underwater work was that the water was very cloudy from the silt on the bottom and that it was almost impossible to see anything while they were hooking the cable to the chassis. Pat said that the whole thing was really stinky.

The next weekend, the old truck was floated back to the mainland and towed to Ray's Garage in Tess Corners.

Ray won the bet and of course he and Jim had some very juicy bragging rights.

A few years after I heard the Turner half of the story, I was visiting ATHS member Don Mericle's house. He took me on a tour of his collection of unusual antique trucks. I knew without being told what the half rusted moving van was that leaned against his barn wall. He had purchased the old truck from Ray Salentine. Don has since passed away and the truck passed through several owners.

About four years ago, Steve Kirsten bought the disassembled wreckage and started a restoration project. As of now, the chassis is about 50% finished. The engine is at a restoration shop in Bangor Maine. Steve has spent considerable money having patterns and then castings made of rusted and missing pieces. The engine, transmission and steering gearbox were in remarkably good condition., considering.

The Rearview Mirror.....

Zoo tour

On October 16, twenty-seven people in six Model A's, one old VW and six modern cars went on a tour to the Milwaukee County Zoo. We met at McDonalds at Moorland and National Ave. where we had breakfast and discussed the itinerary. We took a short drive to the Zoo and were able to enjoy some of the fall colors in route.

The group enjoyed looking at the animal exhibits. As we walked around the Zoo, we were able to see the fantastic Halloween decorations – black spiders, skeletons, scarecrows, bats, ghosts, carved pumpkins, a graveyard, and pirates cove with many treasure chests full of loot. In some of the displays, we had to find hidden Halloween items.

The group reconvened at noon for lunch at the outside picnic tables near Lake Evinrude to share Zoo stories of the morning and enjoy the partly sunny fall day. In addition, our Model A's were enjoyed by Zoo patrons. To sum it up – great fall day, good conversation and laughter, food, animals, holiday decorations and Model A friends – what more could you ask for.

-Dave and Linda Huenink
