# HAPPY LABOR DAY

## Notes from the President for Sept.

What a great summer this has been. We've been lucky in the Milwaukee area. Hot, humid days to let us know the season is here! Rain came when we needed it. Many cool nights for comfortable sleeping. Great times to be driving a Model A.

Several had that opportunity in July while attending the Wisconsin Rapids Reunion. The weather was decent and fun was had by many. Our Chairmen volunteers, Dave Rozman and Mike Yokofich, did a great job representing our club. I heard they were also superb fill-ins as replacement auctioneers. Way to go guys!! Kudos to Dennis and Vicki Cooper on their just completed 1929 Tudor; she sure looks pretty! I am so proud of Vicki, as she drove it to and from the Wisconsin Rapids Reunion this year.

Mark Ackermann put on a great picnic this year. The grounds were perfect as there is a large covered pavilion to support any kind of weather. It sure seemed at the start of the day we might have some rain, but instead it was a gorgeous, sunny afternoon and we all appreciated the shade. The food truck Mark hired to cater our meal served a delicious lunch. Those interested participated in a Corn Hole (Bags) Tournament and the kids had a few games to partake in as well. It was really nice seeing everyone there. I was able to talk to many members, but I regret that I missed chatting with so many more. It was great to see and meet some new members as well. Thanks to all the

brave one's who brought their A's. I loved seeing them all.

Our September event sounds like a blast. The Taurman's always find unique places to bring us to. This tour is sure to please. It is the second last tour of the season. Be sure to join them. Remember, it's on a Saturday, on September 14th.

Do you share the same passion as I do for the club and our beloved cars? Maybe you have some great ideas for the club. You have the opportunity to join our board. We will have a spot opening up in January. Please let me know if you are interested to help make this club the best it can be. We will be recruiting to find some good candidates. Please consider sharing a few extra hours a month. If you're new and want to meet people this is by far the best way to do so. You will never regret it!

Lastly, of course, a bit about my chitty. We are getting closer. Steve's got the wiring almost complete. Replacing the roof ribs and putting the interior back together is next on the list. Piece by piece, dollar by dollar, day by day...we are getting closer to making our maiden voyage. Which Wisconsin Chapter event will it be?

Ahooga!

### Club Mission Statement

It is the intent of the Wisconsin Chapter to serve as a medium of exchange of ideas, information, and materials for admirers of the Model A Ford and Model A era fashions; to help those admirers become better acquainted; and to maintain among its members the spirit of good fellowship and sociality through sponsored activities including the use of the Model A and family participation.

September Tour  
9/14/2019  
Nostalgia, Bemis, and World's Best Brats

First, this tour in on a **Saturday** Sept 14<sup>th</sup>.

Our tour will cover a scenic route from Germantown, to Sheboygan Falls and on to Sheboygan, all familiar places. We will visit a store named Evans that seems just like it was in the 1930's. You will remember and laugh a lot. Next we will stop at Bemis toilet seat museum for a few more chuckles.

Then on to a short tour of a Bemis injection molding operation and known for large thin section molded parts. Time: 10:30am

Finally, on to Miesfeld's for the best brat fry on the best buns in Wisconsin, fresh and hot right off the grill. If you don't believe me, you will have to try them yourself to know for sure. Brats are on the club

Also you may want to bring a cooler because Miesfeld's 90' meat case is full of very tempting meat products. Meisfelds is the last stop. Head for home from there.

**Departure:**

Date: SATURDAY 9/14/2019

Time: 10:30am

Place: McDonalds 15936 Mequon Rd, Germantown WI

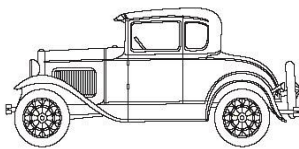

**Templin's Old Time Auto, LLC**

**Tour Date: October 6, 2019**

**Destination: Animal Acres Llama's**

Join Dave & Linda Huenink on October 6<sup>th</sup>, 2019, for a tour to Animal Acres Llama's.

We will drive through the countryside and the Kettle Moraine Forest, enjoying its fall colors on our way to Animal Acres Llama's. Once we arrive, our group will be educated on Llama's and, I have been told on good authority, we'll have a demonstration on Llama agility. (Llama's going over jumps, through hoops, and other obstacles). From there, we will continue driving through the Kettle Moraine Forest, with a possible stop or two along the way, ending up at Town Park in Eagle where we will have time to socialize. Snacks and refreshments will be provided. Our tour is a little earlier in October this year, so I am anticipating we will miss the interesting weather we had on our tour last year. Rumor has it the Model T club may also be joining us on our tour.

We will meet at McDonalds in Big Bend at S71 W23460 National Ave. (National Avenue and Hwy 164) between 10:15 a.m. and 10:30 a.m. There will be a pre-departure meeting, where maps and directions will be passed out and questions will be answered. Departure will be at 10:45 sharp. Bring along a chair.

Please RSVP to Dave & Linda by September 30<sup>th</sup>, 2019, if you plan to attend. We can be reached at 262-719-1056. We look forward to seeing everyone.

Dave & Linda Huenink

Sunshine Report.....

Jeana Angelini's father passed away. Art Blazek's mother, Victoria Blazek passed away in June.

Our sympathies and condolences to Jeana and the Blazek family.

Please notify Linda Huenink with all sunshine needs.

**PIZZA PARTY**  
**SUNDAY, NOVEMBER 10, 2019**  
**1:30 P.M.**

*The touring season is almost over. **November 10, 2019** is the start of our indoor meeting season and the club is going to kick it off with a pizza party.*

*There are several great reasons why you should attend this indoor meet:*

- *A power point presentation will be given about a Model A bus that is being restored and will be donated to the Gilmore Museum in Hickory Corners, Michigan.*
- *Great opportunity to see and visit with those club members you haven't seen since the last indoor meet in March.*
- *Meet and greet our new club members.*
- *Chance to reminisce about the club events you've been at during the outdoor season.*
- *And of course, delicious pizza.*

Photographer: Karen Schwalle

*The pizza party promises to be a good time. We look forward to seeing you then.*

*If you have any questions or concerns please feel free to contact your hosts Dave or Linda Huenink at 262-719-1056.*

# Get On Board!

Help Restore an Important Part of Automotive History

When it was new...

After 90 Years of Use...

**The Model A Ford Foundation, Inc. (MAFFI) is starting the restoration of an original 1931 AA Passenger Bus that, when finished, will give rides around the Gilmore Museum Campus**

## ----- Be A Part of History -----

The Model A Ford Foundation, Inc. has received the donation of a 1931 adult passenger bus. The bus has a Union City bus body that was sold by Ford in 1931. It is in need of a full restoration!

A group of volunteers is forming to completely restore this original Model AA bus to exactly how it looked in 1931.

This bus will NOT be on display in the Model A Ford Museum but will be a working bus giving rides to visitors on the grounds of the beautiful Gilmore Museum campus.

We need your help! The restoration of the chassis is going to start very soon and we need to raise money to offset expenses on the restoration. Please consider a donation or fund raiser to help raise money for this important MAFFI project. In a few short years we will all be going for a ride in "The Bus".

**Your Tax Deduction Support is Needed. Please consider one of the many levels of involvement in our important project.**

**2020 Model A Reunion Planning Meeting**

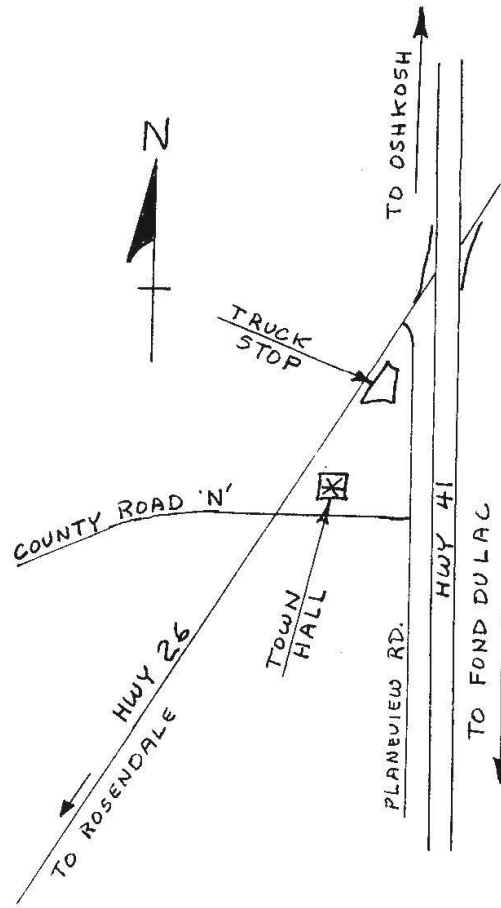

The Planning Meeting for the 2020 Wisconsin Model A Reunion will be held at 11:00 a.m. on October 26th, 2019, at the Nekimi Town Hall. This meeting brings members from each of the four clubs together to plan for an exciting weekend in July.

The Town Hall is located at the intersection of Highway 26 and County N, south of Oshkosh, and west of the intersection of Interstate 41 and State Highway 26.

If you have ideas and suggestions for next year's Reunion, and cannot attend this meeting, please contact someone in your local club who is able to, or e-mail the Reunion's web site at [wirapidmodela@gmail.com](mailto:wirapidmodela@gmail.com).

As a reminder, the 2020 Reunion dates have been set as July 24th, 25th, and 26th. Be sure to make your hotel reservations now.

# 'A' Trip Back to.....

## *how Ford helped put a man on the moon*

As the world celebrates the 50th anniversary of man taking his first steps on the moon, auto enthusiasts will be fascinated to learn that the Ford Motor Company was an integral part of the moon landing operation, as well as three further decades of operations.

"Really," you're thinking? Surely it must have been something to do with the lunar rover... False. It wasn't until the Apollo 15 Lunar visit of 1971 that the lunar rover went to the moon.

Ford's involvement in the Apollo 11 moon landing is far more in-depth, albeit not in the sense you'd expect.

Ford was actually involved in the construction and maintenance of the Mission Control Centre.

How? As the outside investor for Philco, an engineering company founded on the manufacturing of carbon arc lamps, followed by batteries, radios, televisions and innovative transistors.

It was in 1961 that Ford's beyond-automobile venture Philco-Ford came into being. This is the division that would see the Ford name be integral in our first adventures to other celestial bodies.

Philco-Ford, a relative underdog company, beat the likes of IBM, Lockheed and AT&T in securing the contract to fit out Mission Control Centre at the new Houston Manned Space Centre. It was the clout and associated resource of the Ford name, along with Philco's pioneering electronics systems and knowledge, that won the job.

Philco-Ford had a mammoth task on its hands. This was a pioneering task in almost every sense, with new computing and software systems required to both metaphorically, and literally, help tread new ground.

It had to deliver a full control center capable of managing remote tracking sites, as well as communications and control of the spacecraft itself.

Once the Mission Control Centre was successfully completed in 1965, Philco-Ford remained integral to the operation. It supplied staff on site for constant and consistent support. Each subsequent mission required re-designs, with wiring changes sometimes numbering up to and beyond two million.

The landing itself took things to a new level again – although the most incredible achievement by Philco-Ford would continue in use for a whole year following the return of the Astronauts on July 24, 1969.

In collaboration with IBM and NASA, Philco-Ford developed the Early Apollo Scientific Experiments Package, or EASEP. This device was to remain on the moon to learn more about the lunar environment long after Buzz Aldrin and Neil Armstrong had returned home.

The Ford name would endure as an integral part of out-of-atmosphere activities throughout the next two decades.

In 1980, as many as half the communications satellites operational in orbit had been built by Ford, following the company's 1976 evolution into Ford Aerospace and Communications Corporation.

It wasn't until 1990 that Ford divested its space explorer division, when Ford Aerospace was sold to Loral Corporation.

From the lunar orbit, landings, to satellite coms, Skylad, Apollo-Soyuz and the Space Shuttle, the stamp of the blue oval on man's pioneering exploits to the final frontier are undeniable.

**Other events from July (I know, it's September, but these coincide with the lunar landing) of 1969:**

- Jul 1. John Lennon and Yoko Ono are admitted to hospital after a car crash
  - Jul 3. 78,000 attend Newport Jazz Festival, Newport, Rhode Island
  - Jul 4. 140,000 attend Atlanta Pop Festival featuring Led Zep and Janis Joplin
  - Jul 4. The Ohio Fireworks Derecho kills 18 Ohioans and destroys over 100 boats on Lake Erie.
  - Jul 7. Canada's House of Commons approves equality of French-English language
  - Jul 8. US troop withdrawal begins in Vietnam
  - Jul 11. David Bowie releases the single "Space Oddity" 9 days before Apollo 11 lands on the moon
  - Jul 11. Rolling Stones release "Honky Tonk Woman"
  - Jul 13. Russia launches unmanned Luna 15 to Moon
  - Jul 14. "Easy Rider", directed by Dennis Hopper, starring himself, Peter Fonda and Jack Nicholson, is released.
  - Jul 14. The United States \$500, \$1,000, \$5,000 and \$10,000 bills are officially withdrawn from circulation.
  - Jul 20. Apollo 11 lunar module carrying Neil Armstrong and Buzz Aldrin lands on the surface of the Moon; Aldrin and Armstrong walk on the moon seven hours later; Michael Collins remains in orbit in the lunar module
  - Jul 21. Apollo 11: Neil Armstrong becomes the first person to step on the Moon at 2:56:15 AM (GMT)
  - Jul 21. Russia's Luna 15 impacts moon after 52 lunar orbits
  - Jul 24. Apollo 11 returns to Earth
  - Jul 25. 70,000 attend Seattle Pop Festival
  - Jul 25. Edward Kennedy pleads guilty to leaving scene of an accident a week after the Chappaquiddick car accident that killed Mary Jo Kopechne
  - Jul 29. Mariner 6 begins transmitting far-encounter photos of Mars
  - Jul 31. National Guard mobilizes in racial disturbances in Baton Rouge, Louisiana
- Historically speaking,  
Bob & Karen
