It is the intent of the Wisconsin Chapter to serve as a medium of exchange of ideas, information, and materials for admirers of the Model A Ford and Model A era fashions; to help those admirers become better acquainted; and to maintain among its members the spirit of good fellowship and sociality through sponsored activities including the use of the Model A and family participation.

**The No Ice or Snow SPRING TOUR.**  
**April 27<sup>th</sup> 2014. Please join us for an exciting tour.**

We will tour the Harbor City of Port Washington with stops at the light house and living quarters built in 1860, and Coal Park originally used for stocking coal for the WE Energy plant. Today it is a Veterans park, with a pillar that is a copy of the WWII Memorial in D.C. located on the harbor. The harbor should be busy with the hustle and bustle of all kinds of boats being put in the water.

Joe Demler will be our special VIP guest to greet as we tour Coal Dock Park. He is a friend, fellow Veteran, WWII POW, and was featured in the Stars & Stripes Honor Flight DVD. He will autograph the Honor Flight Book published by Stars & Stripes Honor Flight. The Model A member that knows the right answers to the questions, will receive this beautiful book donated by us.

Depart from McDonalds at Brown Port Center, Hwy 100 & North Port Washington Rd.  
Leave at 12:30 p.m. Scenic back roads to Port.

See you on Sunday, April 27<sup>th</sup> for the tour.  
Stan & Pat Larson.

## Sharon Model "A" Day - Sunday 1 June 2014

Every year on the first Sunday in June, the spirit of the 1920's and 1930's is brought to life in the small town of Sharon, WI (pop. 1600) as Model A's line the main street, and people dressed as gangsters and flappers from the period promenaded in front of the well preserved facades of local businesses, displaying architecture of a different time. With these historic buildings, The Model A's and people in period attire look quite at home. Model A Day is one of several events put forth by the Historic Downtown Sharon Association to boost awareness of the history that surrounds us and to get in touch with our past. The illusion of stepping back in time is aided by costumed residents of the town, time-period entertainments, and of course, those delicious foods we have been eating for as long as we can remember.

We look forward to seeing you on June 1st, 2014 for the "annual run to Sharon". Watch for the tour details in next month's WHEELING THE 'A'.

## PRESIDENT'S NOTES

Hello everyone,

I hope by the time you are reading this spring will be making its appearance. I would like to give a big thank you to all the members that have once again stepped forward to fill in our club's events calendar. It looks like another great year of fun Model A events. Join us for the spring tour on April 27<sup>th</sup> when the Larsons take us on a tour to Port Washington to see some interesting things. In May the Olsens and Gapkos will be taking us touring on some Walworth and Racine County roads. That tour will end at Camp MacLean in Burlington.

I have started the yearly check up on our cars to make sure they are ready for the season, so far no surprises. I hope we are in for a relatively trouble free season. Saturday, April 26<sup>th</sup> our technical volunteers will have a seminar on getting your cars ready for touring. So if you need to get your car ready join in on the seminar.

Thank you to all club members who worked the 2014 swap meet. It was a great success! Door sales reached 2,044 people and the club profited well. Without the help of club members we would not be able to carry out this successful event.

This is just a reminder for all members that all indoor meets/events during our winter months are at St. Aloysius church on 92<sup>nd</sup> and Greenfield in West Allis. I know all us old timers know that but I want to let our newer members know because sometimes we forget to put it in the newsletter and it can be confusing if you are new to the club. As for the spring through fall outdoor events please see the newsletter as the starting place changes with each event.

As always if you have any questions or problems see me or any board member and we will be happy to help out.

See you soon,  
Mike

# 'A' Trip Back to April 1966

## Officers:

President – Jack Grundman  
Treasurer – James Cerny  
Secretary – Betty Campbell  
Editor - Carl Olsen

The first tour of the season for 1996 took place in April and included a tour of the Brooks Stevens Museum on North Port Washington road. It was a cold, damp, overcast day as we met in the parking lot of Capitol Court shopping center (remember Capitol Court and the Kookie Cookie House? It was all torn down in 2001 and now the Midtown Center stands in its place). The museum was enjoyed by all and it was pouring out by the time we left. The day ended with a stop at Howard Johnson's (another memory of the past with their bright orange roof) for food and fellowship.

April 23<sup>rd</sup>, another cold gloomy day saw 9 members of the club and their 'A's as well as 8 members from the 'T' club and various other Fords in a parade for the grand opening of Northwestern Ford (another bygone memory). The grand opening was a big event in Milwaukee. The parade started with Mr. Snetcamp's (owner of Northwestern Ford) 1910 Model T and Miss Wisconsin riding alongside him. There were eight T's followed by Larry Koser - '31 roadster, Don Ramstack - '31 Fordor, Jack Graham - '31 Woody, Art Sternhagen - '32 V8, Francis Drake - '29 Fordor, Don Ackermann - '28 Fordor, Fred Fischer - '31 Cabriolet, Chuck Hickling in a roadster, and the daughter of Mel Degner in a '29 Tudor. The parade wound its way thru Whitefish Bay before returning to the dealership. The dealership treated everyone to food at Howard Johnson's.

New members who joined the club – William D'Agostino of Chicago, Brian Adam of West Allis (Brian manages a Dutchland Dairy – they're long gone too, but had great malts and the waitresses all wore 'dutch' uniforms with the little white dutch hats), Robert & Shirley Henke of Beaver Dam, Ron & Lois Knies of Milwaukee, and Carroll & Wyona Lindsey of Milwaukee.

Demo Staver and Art Sternhagen are to meet with Clark Oil officials to see if arrangements can be made for free gas and oil for the trip to Albuquerque. (note spelling is theirs, not mine) Grace Koser and Betty Campbell have mapped out the route and stops for the trip. Larry Koser and Wes have compiled a list of parts (courtesy of B.S. Wisniewski – also a relic of the past) to be taken on the trip. A Ford Econoline van (courtesy of the Ford Motor Company) will carry the parts. Thus far 25 cars have shown an interest in making the trip.

Some members and their cars will be on television on the 'Men's Club', WTMJ on May 22.

Also May 22 our chapter will host an all Ford car show. This meet is for all years, from 'T's to 'A's to 'B's to V8's. Trophies, plaques and ribbons will be awarded. Volunteers to help with the event are needed.

Lastly, Carl Olsen had announced his retirement from bachelorhood and on May 21<sup>st</sup> will bravely take the leap of faith with Kathy Lorenzini.

## **MAFCA Wisconsin Chapter General Meeting Minutes March 9, 2014**

Board Members Present: Mike Quam, Steve Lewis, Dave Boucher, Dave Huenink, Paul Piotrowski, Neil Besougloff

Mike Quam called the meeting to order at 1:32 p.m.

**President** –Mike Q. – Mike thanked everyone for coming and asked if there were any new members present. We received the reciprocating newsletters. We also received a thank you note from MAFFI for our pledged donation of \$500.00 as well as a thank you from the Model A Youth Restoration Award group for our donation of \$200.00. We received an invitation to attend the national meet in Washington and the annual Model A Day's in Sharon WI. The board of directors also decided to contribute \$100.00 towards the National Model A event to be used as a door prize.

**Vice President** – Steve L. – We received 2 applications for new members. One from Glenn Becker and Dan Miller.

**Secretary** – Dave H. – There were no corrections or changes to the minutes from the February 9th, 2014 general meeting. A motion was made by Stan Larson and seconded by Bob Schmiechen to accept the minutes as written. The motion was put to a vote and it carried. Two hundred and forty five members have renewed their membership.

**Treasurer** – Paul P. – A report of the revenue and expenses from last month were given. No revenue or expenses were turned in. The swap meet was a great success, big thank you to all who made it a success. We received a lot of positive feedback from those who attended and the vendors.

**Outdoor** – Neil B. – The outdoor events for 2014 were reviewed and it was mentioned all but one of the events for this year has hosts. The Franklin 4<sup>th</sup> of July parade still is in need of a host.

**Indoor** – Dave B. – A martial arts demonstration will be held at today's indoor meet which will be our last until November 2014. Meyers Restaurant has been reserved for next year's banquet on January 24<sup>th</sup> 2015. A request went out to the membership for hosts for the 2015 banquet.

**Old Business** – A motion was made by Stan Larson to make the changes to our by-laws posted in "Wheeling the A". It was seconded by Roger Olsen. The motion was put to a vote by the membership and the motion carried.

Dave Huenink made a motion to adjourn the meeting and it was seconded by Karen Schmiechen. The meeting was adjourned at 2:00 p.m.

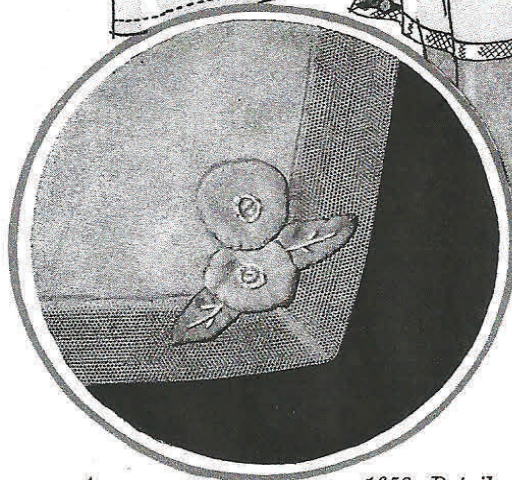

Respectfully submitted,  
Dave Huenink

Pastel Silks for Lingerie Applique  
 McCall's Magazine, June 1928

1653. Motifs applied to separate vest and panties—*assembled bits of orchid, pink, blue and green crêpe de chine.*

1653. Detail of pantie corner.

No. 1653. A set of silk underwear such as this will delight the woman of conservative taste who is also fastidiously dainty regarding small details of design and finish. Therefore these motifs for appliqué in silks of four pastel shades, orchid, pink, blue and green, will answer and satisfy her demands perfectly. The silk appliqué pieces are of an excellent quality of crêpe de chine, and the colors will blend with garments of any fashionable shade, flesh, peach, orchid, etc. There are enough pieces to trim any three garments, such as costume slip or nightgown, vest and panties. The net footing used as a partial background for the patches adds an air of French chic to the set. Diagrams for cutting the four garments will be of interest.

### **Milwaukee Auto Show**

Thanks to Ford Motor Co. our club was invited into the Milwaukee auto show on Feb. 21st for an exclusive sneak peek at the all-new 2015 Ford F-150. Though it was a last minute invite and we tried to contact as many members as we could via email, my son and I were the only ones available to go. We saw a great new vehicle with a lot of new and exciting features. It was a fun filled morning with the opportunity to see the new cars before the general public. Along with the new F-150 I was excited to see the all-new 2015 Ford Mustang another big hit coming from Ford. Thanks again Ford and I hope we can do it again next year.

### **Technical Seminar**

Thursday, February 20, 2014

More than a dozen and a half men came to our technical seminar at Mail Truck on a wickedly cold and blustery Wisconsin winter evening.

We made the final adjustments on the brake system and made sure all the pins were tight and working together so the brakes will work 100%. A couple of pins were reamed for oversize pins so they would have close tolerance and no free play. Now all four wheels are working and our vehicle will stop on a dime.

We talked about the Nu-Rex Advance Timing System. You will not have to manually use the spark advance lever on your steering wheel once you install the kit. The Nu-Rex will do the work automatically. The object of this system is easier operation and more efficiency as well as a smoother running Model A motor.

The head gasket was installed on the head and the torque was done in the correct sequence. The side cover was removed from the motor. We then used a taper punch to widen the hole so the advance timing would move freely after we torque the head. The Nu-Rex Company recommended doing this so the shaft would not drag.

The engine was turned over to get the timing mark top dead center so we could set the timing. If all continues to go well, we plan to start the engine at our March seminar.

Roger

## **49<sup>th</sup> Annual Swap Meet**

With 116 vendors and 2,044 people coming thru the front door I would have to call this year's swap meet a success. I couldn't be happier with our first year as a newly formed swap committee. I felt things went very smoothly, only a few minor snafu's, though we had big shoes to fill we did a great job. Thank you to; Dave & Donna Boucher for all the advertising work and various other duties they did, to Bob & Kitty Schaefer for their work getting volunteers signed up and in place, to Pat & Paul Piotrowski for taking care of all front door monetary/banking needs. Mike & I took care of reservations, assigning vendors and running each building the morning of the show.

This year you may have noticed we had a sheriff deputy in the ticket booth area. The cashiers had expressed concern about the amount of money flowing thru there and asked for security. As luck would have it, we needed the deputy's prompt service when long time club member Bill Scaffidi stumbled on a raise in the concrete outside the side door and fell. The deputy called EMS and they came to assess Bill. Two black eyes and 5 stitches later Bill is doing well.

I must commend all our volunteers for a job well done! I witnessed the work of many and was impressed with what I saw. Thank you, thank you, thank you to:

## **Swap meet "Thank You" pizza lunch**

Many volunteers from our annual swap meet joined us for a pizza lunch at New Berlin Ale House on March 2nd. Good pizza, soda and beer was enjoyed by all.

Thank you again for your volunteerism!

### **Martial Arts Sunday**

After a short business meeting we were treated to a demonstration of Kung Fu and Tai Chi. Our presenters were Sifu Scott Muelling of Iron Dragon Kung Fu Academy of Waukesha and Grand Master Glen C. Wilson of the White Dragon Society in Florida. Combined they have over 70 years of experience in Kung Fu and Tai Chi. Sifu Muelling has achieved his 3<sup>rd</sup> degree black belt and Grand Master Wilson holds a 10<sup>th</sup> degree black belt.

Together they gave us a demonstration of Kung Fu an ancient form of martial arts and Tai Chi practiced for both its defense training and health benefits. There were a lot of demonstrations and questions and answers. From the feedback I heard everyone enjoyed it.

This was our last indoor meet until November when we come back for our annual pizza party. If the weather ever cooperates we can enjoy our outdoor season.

Hope to see you at our next Club event.

FROM 1955:

When I first started driving, who would have thought gas would someday cost 25 cents a gallon? Guess we'd be better off leaving the car in the garage.

## **St Patrick's Day Parade 2014**

The luck of the Irish held out weather wise on Saturday March 15<sup>th</sup>. We had a bright sunny, cool dry day.

We started as usual with breakfast at Miss Katie's Diner then, onto the parade line up. After decorating the car, it was time to sit back and watch the other groups arrive. We were among dancers, dogs and even a pedal bar.

The crowd this year was very large. The sides of the streets were lined with a multitude of adults and lots of kids. As expected the bar areas were the most crowded.

All in all Donna and I had another nice day of Model A-ing. Thanks' to the Wisconsin Chapter for giving us this opportunity. We even got to see St. Patrick.
