August prez notes

Ever wonder what people talk about as they drive their Model A's? In June, my 14-year-old son and I were part of a long line of cars snaking down Highway 45 on a club tour to a car museum in Volo, Ill.

At different times we were behind different club members' cars, and it got us to wondering if people talk to each other about different topics in their Model A's than if they were in their modern cars.

On past tours we've been behind some roadsters (which give a clear view of the driver and passenger), and noted that there wasn't a lot of obvious talking, but that there would be occasional pointing when passing something out of the ordinary on the side of the road, like an unusual house or another old car (it didn't matter what vintage or condition, as long as it was old). Sometimes at intersections we'd witness a flurry of back-and-forth pointing, but only when the driver took a wrong turn.

Once, on a lengthy convention tour with both of my teenage sons, we noted an awful lot of hand and arm gestures from both the driver and passenger of the car in front of us. We were following a Tudor, and with its relatively small rear window you can imagine there had to be a lot going on for us to notice.

The animated conversation in the car in front of us continued for about 25 miles, through stop signs and traffic lights, and right up to the time we entered the parking area of our tour destination. By now my sons and I for sure figured the couple in the car were having knockdown drag-out argument. We pulled up next to them in the grassy parking lot and were prepared to make a hasty exit.

But the couple opened their car doors at the same moment we did, and they were just as pleasant and happy as could be as they said hello to us. My sons and I looked at each other with raised eyebrows. Afterward, all that we could figure was that the couple had a big-time habit of gesturing with their hands.

As far as my 14-year-old son and me on our trip to and from the Volo museum, we got along fine, and mixed periods of silence with periods of discussion about everything from getting new tires for our Victoria to his class schedule for high school.

Living out in Oconomowoc, the trip to Illinois and back was an 11-hour day for the two of us. Yet we only raised our voices twice in the car – we couldn't agree on when to snap the shutter on our camera as we passed the "Welcome to Illinois" and "Welcome to Wisconsin" signs at a speedy 45 mph.

We tried it his way for the Illinois sign and my way on the trip back home for the Wisconsin sign. As it turned out, neither of us will win any awards for motion photography!

P.S.: As of this writing, our club is still seeking a host for the banquet. Now is the time to start planning for this annual celebration, but if no one steps forward we won't have a banquet this coming winter.

Reminiscing with the Historian

FIFTY YEARS AGO, 1957 - All future issues of the news bulletin will have picture pages.

FORTY-FIVE YEARS AGO, 1962 - The club held a rally on August 12th to Aztalan Mound State Park near the city of Jefferson.

FORTY YEARS AGO, 1967 - The club picnic was held at Muskego Park. It was the biggest turn out of the year. The group consumed one barrel of beer - or 4 quarter-barrels, 24 cases of soda, and dozens of Dixie cups. There were too many people, cars, and activities to hold any car games as originally planned.

THIRTY-FIVE YEARS GO, 1972 - Sixteen cars represented our club at the Greendale parade on August 6th. On August 13th, the club held our annual picnic.

THIRTY YEARS AGO, 1977 - Twenty Model A'ers and their families went on the overnight tour to Green Bay. Carl and Charlene Wussow planned the weekend, including visits to the Packer Hall of Fame, Heritage Hill, Fireball Farm, and a super steak dinner at Guido's Restaurant.

TWENTY-FIVE YEARS AGO, 1982 - The club was invited to participate in a mall show at Mayfair Shopping Center from Friday, August 25th through Sunday, August 29th. Fifteen cars were needed. The contact people were Jerry Flynn and Carl Weckwerth.

TWENTY YEARS AGO, 1987 - A picnic was held at Harnischfeger Park. The "A" tip was on the ammeter and its working process. The National Club was conducting a contest to find a new member every day.

FIFTEEN YEARS AGO, 1992 - The Wisconsin Chapter was invited to the National Regency Car Show. The Road America Tour to Elkhart Lake had a tour around the track, watching the day's races, and a picnic on the grounds.

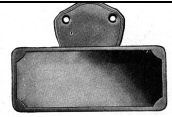

TEN YEARS AGO, 1997 - The annual picnic was held on August 10th at Harnischfeger Park. 162 members and families enjoyed the food, refreshments, games and the company of other Model A'ers. A special thank you went out to Jerry and Mary Flynn, who once again came through with delicious corn and ice cream.

FIVE YEARS AGO, 2002 - An impromptu event was hosted by Dick Lardinois. The event had a nostalgic 50's atmosphere, offering malts, food, and ice cream at Ferch's Malt Shoppe in Greendale. Stan and Pat Larson hosted the Indian Pow-wow August 16th and 17th at Indian Spring Lodge in Carter, Wisconsin.

Diane Smith called with the correct answer to last month's "do you remember" question. The person with the pink cast on her arm was her granddaughter (Laura's daughter), Emma.

LOOKING BACK THROUGH THE REARVIEW MIRROR

Volo Tour.....by Mark Ackermann

It was a beautiful sunny Sunday morning June 24th as 11 Model-A's, 2 Early V-8 Fords, a 1970 Camaro Z-28 and 3 Modern cars headed south of the border to enjoy viewing the Volo Auto Museum. We met at Menards in Franklin and had quite a bit of interest in our cars while staging in the parking lot.

It was nice to see Marlin Nelson with his recently purchased 1936 Ford Convertible, he chose not to take the tour with us. It was nice of him to show up and say "Hi" and wish us a good trip.

We headed south on Hwy 45 and picked up two more cars at Hwy 20. A little further south three more joined us at Hwy KR. With a few more miles behind us it was time for a break, we stopped briefly at Hwy C for Gas, Snacks and as Stan Larson would say a "WBS". This was approximately half way, back on the road to IL. Our route took us through Antioch and Fox Lake, finally down Hwy 12/59 to Volo Village where we had reserved grass parking.

As we entered the Museum most of us chose to have lunch in the Cafe, besides the cars there is a lot of memorabilia to look at and also to purchase. As we started to view the museum and the shops, we went our separate ways or formed smaller groups as there was something for everyone's interest. Many of us were either dreaming, drooling or wishing we could take something home with us! The grounds at Volo are very nice for walking and it was nice to meander around and see everyone visiting with each other and comparing there favorite cars. It was also

nice to have two future Model-A'ers with us, Chloe Rozman and my buddy KJ, Jeff & Kathie Bezotte's grandson.

After everyone had seen enough it was time for a group photo and the trip back. We headed north back to WI and stopped in the town of Bristol at my friend's house, Tom and Lori Andrekus who I know from a Car Club I was previously in. They had offered to prepare food and beverages for us, we enjoyed there yard and deck. They also invited friends and family members to view our cars, there was much interest and I heard a lot of compliments. A special thanks to them as they are very generous hosts.

LOOKING BACK THROUGH THE REARVIEW MIRROR

Looking Back Through the Rearview Mirror Lake Country Tour - July 15, 2007

Forty-two people in twenty cars enjoyed perfect summer weather, beautiful lake scenery, and the warm hospitality of Warren and Connie Hornburg at their home in Hartland.

Connie gave an informal tour of the charming house, with its interesting family history, antiques, and layered, oiled cedar roof. We saw the Hornburg Ford dealership memorabilia, including old photos, a neon Lincoln Zephyr sign, and letters from Lee Iacocca and Henry Ford. Several of our members have Hornburg connections. Dolores Pernerstorfer went to high school with Warren, Jess Janke worked for the Hornburgs, and Jerry Flynn remembers his father purchasing farm machinery from the dealership. After enjoying friendly conversation with Warren and Connie, eating snacks in the shady yard and inspecting Warren's recently restored Model A (our club experts gave the car a thumbs up!), we went on the road again.

A leisurely ride through Lake Country, including views of Pewaukee, Nagawicka, Okauchee, and Moose Lakes brought us back to Nixon Park in Hartland for refreshments and fellowship. There were no lost drivers, no breakdowns, and Roger and Jan Olsen made it all the way through the tour running on empty - all in all, a perfect day!
