Revival of an old event - With a twist

Bring the items you would like to swap, sell or just get rid of. We would like to focus on automotive items but anything within reason is welcome. This will allow the ladies that have items they feel would be of interest to have a space. Each person will get a table top space of approximately 3 by 6 foot in size. Anything that fits on that table top is welcome.

Bob Schaefer presents:

The Last Flight of N5360F"

This presentation chronicles the last flight of a small Piper Archer on it way from Washington DC to Madison, WI. The pilot ran out of fuel and ditched the plane into Lake Michigan about 7 miles east of Milwaukee. Voice recordings from the pilot to the control tower as well as a 911 cell phone call to the Milwaukee Sheriffs Dept. are included. Video and still pictures show the search for and the eventual recovery of the plane as well as the NTSB inspection of the plane and its disassembly and removal. Several artifacts from the plane will be on display.

February 2007 Prez Notes

Your club's 2006 Board of Directors has completed its duties, and the 2007 board is already hard at work keeping our club operating at its peak.

Congratulations to Mike Quam and Paul Piotrowski on their re-election and to Bob Davisson, who will be serving his first two-year term on the board. I was re-elected as well. Thank you. Assignments on the 2007 board will have been decided by the time you read this.

Kitty Schaefer will be the only 2006 board member not returning for 2007. Kitty was a valuable presence on the board and her input as vice president will be missed. Thank you, Kitty.

A big thank you also goes to Penny Gundrum, Karry Kultgen, and Kate Rozman, who stepped forward during the December indoor met to run for a position on the board of directors, creating a spirited election. I hope to see all three of their names among the board candidates next year.

As I write this Mike and Sandy Yokofich and Dave and Carol Rozman are wrapping up the final details of our annual banquet Jan. 27 at the Best Western Milwaukee Hotel next to Mitchell Airport. At the same time Roger and Jan Olsen are wrapping up the final details for our club fund-raiser, the big auto parts swap meet at the Washington County fairgrounds in Jackson on Feb. 25. The Yokofichs, Rozmans, and Olsens also deserve a big thank you.

Four new members were announced at January's indoor meet, which makes an even 10 new members in the past two months. Joining are Jess & Karen Janke of Hartland, Jim & Cheryl Nicholson of Sheboygan Falls, Harvey & Beverly Heuser of Colgate, and Chad & Danielle Ries of Wauwatosa.

Lastly, I'd like to thank all of you for your support in the past year. As a first-time president, I appreciate all of the help and feedback that I have received from dozens of club members in last year, including guidance from several experienced members who have held the position of president in years past.

I'm looking forward to 2007, and of course getting my Model A out of its winter semi-hibernation and back on the road. Our club's first outdoor activity – the annual St. Patrick's Day parade in downtown Milwaukee – is less than two months away! – Neil Besougloff

CLUB MEMBERS TACKLE HUCKSTER

INFORMATION BY AL DOWNS

We started building this Huckster in April of 2006. Working on Wednesday's from 9 a.m. until 8p.m.

We started with a chassis from a 1930 Coupe and completely restored all parts and assemblies. Antique Engines in Skokie Illinois rebuilt the engine. By October the chassis was complete.

The fenders were new and we installed the spare tire wells ourselves. We did all body and paintwork.

Nick Mazos supplied all of the Oak. Nick has a portable sawmill and a solar kiln.

We machined the rough lumber to the needed dimensions and constructed the body in our shop.

This information was inserted in the roof material on Wednesday, December 13, 2006. This was the day we installed the roofing material.

Completion is estimated to be sometime in early February 2007.

The picture shows the men that worked on this project. From left to right, they are:

Exciting New Adventures:

OUR OWN WEBSITE

Have you ever tried to find our club via a search engine such as Google or Yahoo? It doesn't appear until about five pages into a Google search. That is not the way to gain membership when someone wants to know about our club.

We did have an email address with Hemmings so when someone did find the site they could email the webmaster. Well.....Hemmings cancelled our email without notice. How many prospective new club members did we lose when they could not contact us via the web with the returned email stating "...that address not found...".

Hemmings does not allow us to have ANY advertising on our portion of their site. We could not include members ads in the newsletter download.

BUT...Our own site will remove all restrictions concerning ads, email, email forwards, etc. Well the good news is the board of directors voted at the board meeting on January 20th, to give our webmaster the go ahead to set up our OWN website. Soon we'll have pictures, ads, event calendar, etc...Consider it "Under Construction". As of now you can download the news-letter in color from the new website at www.model-a-wis.com under the heading of "news", then click on the yellow Model A logo for the newsletter. Carl is hoping to set up a "reminder" type of email system. If you sign up on the website, you'll receive an email about a week prior to events as a friendly reminder... so check out the website and help the webmaster with his new endeavors.

Let him know what you would like to see on the website. He will try to get it included. But give him time to get up and running. This is a new endeavor for the club and the webmaster so don't expect too much to start. We have been told he is working feverishly as fast as a Model A can propel him.

AD SHARING WITH OTHER WISCONSIN CLUBS

Our other exciting news is now we can broaden the scope of members items for sale. We will be sharing our free members ads with the Central Wisc. Chapter and the Wis. Region MARC and they will share their ads with us. Our own members ads will be listed first in our own paper and then any ads the other clubs have will be listed next. Extra pages will not be added to the paper to post others ads. Thanks to Tony Sillman, editor from the Regional MARC club, for this wonderful idea.
