5. They told me at the Blood Bank this might happen.
4. This is just a 15 minute power nap they raved about in the time management course you sent me to.
3. Whew! Guess I left the top off the Whiteout. You probably got here just in time.
2. Did you ever notice sound coming out of these keyboards when you put your ear down real close?

And the NUMBER ONE best thing to say if you get caught sleeping at your desk...

Raise your head slowly and say **...In Jesus' name, Amen**

Hello, everyone!

Well, it finally came together! We were able to coordinate a joint **Model A Day at Circus World Museum** in Baraboo and you are all invited to join in on the fun! **This event will be on Saturday, August 25, from 10 am until 5 pm.** FREE admission to CWM will be given to those who bring their cars to have on display. Volunteers from CWM will be on hand to keep an eye on the cars while we roam around and enjoy the exhibits, shows, etc.

To make organizing this event more streamlined, we are asking each chapter to assign a contact person to be in charge of recording who will be attending this event. It will be much easier for us to field a few phone calls, rather than many. This is the information we need for each car:

- car owner's name
- details of car (1930 Deluxe Coupe, etc.)
- number of guests attending
- complete mailing address (including zip code)
- phone number (with area code)
- e-mail address (if applicable)

*Please be sure to type in your club's contact person's name and phone number on the attached flyer before using it..*

Once you have compiled all of the participant's information, please forward it to Ken and Brenda Brekke **NO LATER THAN WEDNESDAY, AUGUST 22.** Our phone number is (715) 344-3029 or you can also e-mail us (preferred) at [kbab1@charter.net](mailto:kbab1@charter.net) This is a great opportunity for all of us to enjoy CWM and free advertising for our individual clubs and the Model A hobby in general.

If you have any questions, please don't hesitate to call. See you at the reunion!

## Ghost Gallop.....

How many of you remember the Ghost Gallops of the past, where Henry Ford's ghost came to greet you in a park, or a coffin in the Mail Truck garage opened and closed?

Come young and old to a scary (but safe) Halloween Party for all ages.

We would like volunteers to be monsters, witches, ghosts and things that go bump in the night.

We would also like volunteers to make some yummy Halloween treats. I have some recipes to follow the theme.

We would like everyone to come in costume. There will be prizes.

**Save the date Saturday, October 27, 2007, 3 to 11 P.M.**

For a frightfully good time. More details to come in the next newsletter.

Ron and Diane Smith

262 628-3688 Call if you are willing and able to volunteer!

RETARDED GRANDPARENTS (this was actually reported by a teacher)

After Christmas, a teacher asked her young pupils how they spent their holiday away from school. One child wrote the following: We always used to spend the holidays with Grandma and Grandpa. They used to live in a big brick house but Grandpa got retarded and they moved to Florida . Now they live in a tin box and have rocks painted green to look like grass. They ride around on their bicycles and wear name tags don't know who they are anymore.

They go to a building called a wrecked centre, but they must have got it fixed because it is all okay now, and do exercises there, but they don't do them very well.

There is a swimming pool too, but in it, they all jump up and down with hats on.

At their gate, there is a doll house with a little old man sitting in it. He watches all day so nobody can escape. Sometimes they sneak out. They go cruising in their golf carts! Nobody there cooks, they just eat out. And, they eat the same thing every night --- early birds.

Some of the people can't get out past the man in the doll house. The ones who do get out, bring food back to the wrecked centre for pot luck.

My Grandma says that Grandpa worked all his life to earn his retardment and says I should work hard so I can be retarded someday too. When I earn my retardment, I want to be the man in the doll house. Then I will let people out so they can visit their grandchildren. PRICELESS

## *June 2007 Prez Notes.....*

After significant discussion, the board of directors unanimously approved a motion to stop serving alcoholic beverages at club-sponsored functions, such as indoor meets, technical meets, and outdoor meets. The vote was taken at the May board of directors meeting.

It was not an easy decision, but if our club provides alcoholic beverages at these events we void our liability insurance coverage. Period. Our banquet is the only exception, because at the banquet we buy beverages as individuals from the restaurant bar.

If you have any questions about the decision, please contact any board member. Just remember that this motion was made to protect our club from lawsuits and other liability claims. If we violate the terms of our insurance policy, we have no protection.

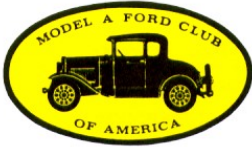

Speaking of our annual banquet, our club is actively looking for a host or hosts. Although the calendar says June, a successful banquet takes a bit of advance planning and it's never too early to start. If you've been thinking about helping the club, here's your chance! Just contact any board member and we'll steer you in the right direction. Dave and Carol Rozman and Mike and Sandy Yokofich, who co-hosted the banquet last year, can also provide information.

The May 14 postal rate hike was good and bad for our club. The good news is that mailing the bulk of our newsletters, which are sent third-class, will not cost the club any additional money. The bad news is that those club members who request that their newsletters be sent first-class will need to pay more out of pocket for that service once club dues are renewed at the end of the year. Don't forget that you can get your newsletter through the internet at the same time as first-class delivery by going to our club website – [www.model-a-wis.com](http://www.model-a-wis.com) – and clicking on newsletter at the bottom of the page.

After a cold winter I know we're all ready for the warmth of summer and the chug-chug of our Model A's on the highway.

On the calendar this month is our annual drive to Sharon, Wisc., for Model A Day and a June 24 tour to the Volo Auto Museum in northern Illinois. An impromptu tour focusing on Flag Day is slated for June 10, contact Ed and Lorraine Schultz at 262-251-3043 or Stan and Pat Larson at 262-251-1655 for more information.

Next month are Fourth of July parades in Franklin (only six cars needed, contact Ted Ignasiak) and Greendale (no limit on cars, contact Paul and Pat Piotrowski). Later in July is a tour to the Hornburg Ford Museum in Hartland hosted by Art and Sue Blazek and at the end of the month the annual Wisconsin Rapids Reunion. – Neil Besougloff

## *Reminiscing with the Historian*

FIFTY YEARS AGO, 1957 - No information for June. However, a letter written in 1957 by Demo Staver, President of Model A Ford Club, reads in part: "1. Our constitution was drawn up by nine elected members who have the needed initiative and willingness to serve. These men subsequently became the Board of Directors. 2. Our club is run by its total membership, not by the Board or by any one or two individuals. All officers are elected by the membership and will change yearly."

FORTY-FIVE YEARS AGO, 1962 - On June 17<sup>th</sup>, a few members gathered for a short tour to Delafield, to visit the fire watch tower, which provides an excellent view for miles around. However, due to road construction on both Highways 18 and 30, the roads to the tower were completely blocked.

FORTY YEARS AGO, 1967 - Menomonee Falls contacted the club about furnishing 10 to 15 cars for the Diamond Jubilee Parade.

THIRTY-FIVE YEARS AGO, 1972 - Ten Model A's and nine V-8's were part of the annual Southridge All-Ford Show.

THIRTY YEARS AGO, 1977 - The spring tour chaired by the Boucher's went to North Lake to ride the Kettle Moraine Railroad.

TWENTY-FIVE YEARS GO, 1982 - The technical seminar for June was a tour of the Miller Brewery. After the tour, arrangements were made to sample the Miller products.

TWENTY YEARS AGO, 1987 - The Wisconsin Chapter acquired for the seventh year the Wisconsin State Fair race track for one of the largest car shows in Wisconsin. The show this year was for one day only, to make it easier and more fun to put this large show on.

FIFTEEN YEARS AGO, 1992 - Cedarburg contacted the club about cars for display at their annual Strawberry Days Festival.

TEN YEARS AGO, 1997 - A micro-brewery tour stopped at the Harbor City Brewing Company and a smoked fish house in Port Washington.

FIVE YEARS AGO, 2002 - Secretary Rich Miller reported the club has 387 members, and the members who joined the Wisconsin Chapter from January, 1998 to June, 2002 comprised 25% of the membership.

## ***THE REARVIEW MIRROR.....***

### *Swap Meet Additional Notes:*

It was very nice to see our name in bold print in last month's issue of *Wheeling the "A"*. But, there were a lot of unsung heroes who worked to make this swap A success and did not see their names in print.

Swap work began with our computer expert guiding us down the road months before the actual swap date with all those computer necessities. Many Wisconsin Chapter members took time to travel, not once but twice, to Washington County Fair Grounds. Numerous individual club members did what needed to be done from marking vendor spaces to cleaning up at the end of the swap.

It takes many people to make a wheel go around . . . we were just part of the hub. Last year few people signed up on our volunteer sign-up sheet. This year we neglected to put a sign-up sheet out where club volunteers could sign in. In an effort not to slight any one we mentioned few names in our May article.

On behalf of Neil and the 2007 Board of Directors, we do appreciate club members who volunteered their valuable time to make this swap work.  
Roger and Jan

### ***Season Finale of The Technical Seminar"***

The additional Technical Seminar held April 19th had a great turn out with 32 members. Jim Kummer gave an informative discussion on touring. Jim also gave out pamphlets on tips for keeping your car safe and on up grading your model A.

This was followed by Al Downs presentation on using LeBaron Bonney kit to upholster your seats. Al's presentation showed kit components and went on to show how to install it.

Thanks to everyone who participated in making this seminar a success.

Carrie Frank
