Model A Club Christmas Party

December 21st, 2008

1:30 PM

*“Here comes Santa Claus, here comes Santa Claus,
right down St Aloysius way”*

Yes its true, Santa is coming again this year and seeing that he is such a busy guy around the holidays he has asked for help. Now who can resist a request from Santa? So let’s all pitch in and help the jolly old guy in the red suit.

All you have to do is call in the name and age of the child and give an idea as to what he or she would like to get from Santa this year.

If a child or grandchild is **NOT** a member of the club, all you have to do is pay a small \$10.00 fee and let Santa’s helpers know what the child would like.

Santa has asked for a limit of 12 yr of age for gifts.

Santa does know that some 40, 50 and 60 year olds would also like gifts but he is sorry he can’t surprise everyone, but he would be more then happy to help surprise some grown ups. Just bring your surprise along on the 21st and Mrs. Claus or his helpers will do the rest!

As always he has asked the ladies and gentlemen to bring a plate of their favorite cookies or if you would prefer something else it will be greatly appreciated.

Also for the ladies and gentlemen is a “White Elephant” gift exchange. Please bring one gift per person if you wish to participate. Your “white elephant gift” must be wrapped.

Please call: Dan at 414-466-6750 or Sally at 414-412-7317 before December 1, with child’s name and gift idea.

TECHNICAL SEMINAR

This article is copied from the Spring, 2008 issue of *MODEL A TIMES* for those members that have asked about manifold problems. *Model A Times* is dedicated to researching and comparing new parts and processes in the Model A Ford hobby. It is published with a subscription rate of \$25.00 for four issues a year.

NEW MANIFOLDS

New Intake and Exhaust Manifolds are now available from most Model A Parts suppliers. The exhaust manifold is U.S. made and the Intake Manifold is foreign made. The two new manifolds are a perfect match with each other.

With the two manifolds bolted together, and a straight edge placed across all six ports (dashed line on photograph above), the intake ports line up near perfect with the exhaust ports. No machine surfacing is necessary when using these two manifolds together.

When mating an original intake manifold to the new exhaust manifold, machine surfacing may be required to provide a flat mating surface across all six ports. All ports of the two manifolds must be the same height $\pm .005$ ".

A difference in height between the two manifold ports can cause a mounting ear to crack on either manifold or the exhaust or intake manifold ports will leak, causing poor engine performance.

The same problem can occur when trying to mate an original exhaust manifold to a new intake manifold. The original exhaust manifold exhaust ports will not align with the intake ports. This could cause the intake manifold ports to leak air, causing poor idling and loss of power.

A new exhaust manifold can make a satisfactory match with an original intake manifold by bolting the two together and surface machining to port surface to bring them to the same height.

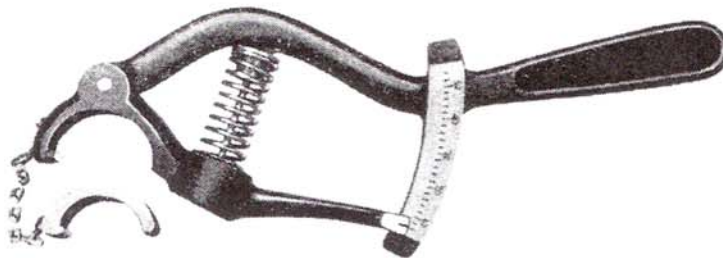

Courtesy of *Model A Times*

The best matchup is to use the new exhaust manifold with the new intake manifold. All ports will be in straight alignment, allowing the manifold gasket to seal around all six ports correctly.

The manifold clamp ring on the exhaust manifold has been precision machined to fit the bell on the exhaust/muffler pipe. This will allow for proper mating of the muffler pipe for a leak free seal when using a muffler sealant.

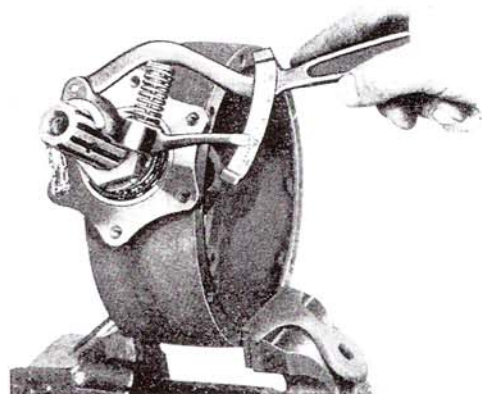

Both manifolds are available from most Model A parts suppliers.

Prez notes for October 2008

The annual election for our club's board of directors won't take place until January, but now is the time to consider seeking a seat on the board for 2009.

Four of the nine board seats are open for election this winter. Paul Piotrowski, Mike Quam, Bob Davisson, and I are in the final months of our two-year terms. Paul is our treasurer, Mike coordinates outdoor events, Bob handles club accessories and is our national club correspondent, and I serve as president. Other positions on the board are vice president (Marty Janssen), secretary (Sue Quam), awards and sunshine coordinator (Dave Neuman), indoor meet coordinator (Dan Kane), and technical meet coordinator (Roger Olsen). Marty, Sue, Dave, Dan, and Roger each have another year to go on their terms.

Who fills which of these jobs on the board in 2009 will be decided by the new board members themselves. That's the first order of business at the new board's initial meeting in late January. So, if you are running for a seat on the board, you aren't running for a specific position, only for a seat on the board.

Board members meet monthly except for July to take care of club business, taking turns meeting at each other's homes on Saturday evenings. The work is not hard, but board members do need to coordinate, communicate, solicit others to volunteer for events, and plan ahead. Organization is the key word, and without each of these nine volunteer board members, club events would quickly grind to a halt.

If you are interested in joining the board, but lack experience, don't worry. There are only two qualifications

for a board position – enthusiasm and membership in our club. New board members receive plenty of help from others on the board and also from club members who previously served on the board. The work is rewarding, and it's a great way to get to know everyone in our club.

If you have any questions, don't hesitate to ask any of the board members what it's like to serve.

So please consider running for a board seat. Nominations will be taken at the November and December indoor meets. You can nominate yourself or another club member. We even make it easy by passing around a nomination signup sheet at the indoor meetings.

This is your club, and one of the best ways to see that the club serves the interests of all of its members is to join the board. Nominations are open through the conclusion of December's membership meeting. – Neil Besougloff

WEBSITE INFORMATION FROM CARL THE WEBMASTER

"Want the latest updates, news, corrections? Want to see pictures from the tours and seminars? Want to see the progress of member's restorations? Want to check to see if that tour is still on? Want to see pictures of what members want to sell? Check out Your Club's website at www.model-a-wis.com . Want a notification concerning a club event that happens between publications of the "Wheeling", let Carl the webmaster know at webmaster@model-a-wis.com. All those timely items can be read on the "news" page. The webmaster tries to include those items that did not make it into the "Wheeling" because of space or deadlines. So let your webmaster know about those important items.

"When you provide information you want published in the "for sale" section of "Wheeling the A", you have the option of submitting a picture of the car or item to the webmaster who will publish it along with your "for sale" text. Please let him know when the item is sold or when you want it removed. If you submit a color picture it will be published in color. Any questions, contact the webmaster.

I have started a "service" where members can RSVP via automatic email to tour hosts. I am testing this method with the seminar on September 27. Take a look at the "news" page and click on the "Email: click here" item. Some tour hosts have mentioned that they don't know how many people will show up at an event. This should make it easier to respond. Just fill in the blanks. No need to look up the host's address.—Carl Doro

BOARD OF DIRECTORS MEETING MINUTES FOR SEPT 13, 2009

Meeting called to order by President Neil Besougloff at 7:10 PM

Present- Paul Piotrowski, Mike Quam, Bob Davisson, Dave Neuman, Neil Besougloff, Roger Olsen, Marty Jannsen, Sue Quam **absent-** Dan Kane

Secretary Report- Minutes from prior meeting accepted as written, motion by Roger O. and seconded by Dave N. Current membership is 294. The dues renewals are about ready to be mailed out.

Treasurer's Report- Report gone over, motion to accept report made by Roger O. & seconded by Mike Q. The bills turned in were phone bill, PO box yearly fee, office supplies, & swap meet expenses. Motion made by Sue Q. to pay the bills and seconded by Roger O. No income at this time.

VP Report-Nothing to report- no new member applications.

Outdoor – Currently there are no hosts for the Ghost Gallop. Picnic had approx total of 90 people. Volunteers have stepped forward for some of next years events. June tour 09 is the Wacker's, Memorial Day Overnighter 09 is Olsens & The Down's. Annual Picnic 09 is Dave Heunink, Fall tour 09 –The Jannsen's and the Memorial Day Overnighter 2010 is Larson's. We have been invited back to Elm Brook Historical Society for next year.

Indoor-Nothing new. Marty presented some information on the Banquet. It was suggested that the Banquet hosts and the Awards Chairperson get together to lay out the program for the banquet. Sue will print lists and get Dave info on member anniversaries.

Technical Coordinator- Sept 27th Road trip coming up, not many have RSVP's. Oct. meet is changing a rear end to a high speed rear end. Roger currently trouble making contact with the person that does the window etching for Nov. meet. January meet is rebuilding shocks.

Club Accessories- Nothing new

Awards & Sunshine- Former club member Art Sternhagen is in the nursing home.

Publications- Add the article for "Technical Help" back into the paper. Its nice to keep photo's to a larger size for easy viewing.

Old Business- Roger will coordinate the booth and the members to man the booth at the Antique Dealers Assoc. show at the Waukesha Expo Center Oct. 3, 4 & 5 The Sonnen's car will be on display the entire weekend. Neil made up a brochure with information on the Model A, this brochure will also include our chapter info. Neil will work on these and get some printed for the antique show.

New Business- Swap meet- The Olsens will go see the new building Washington Cty Fairgrounds and get rough idea of number of swap spots. Roger is expecting it to be 200-220 indoor spaces for the vendors. Marty questioned whether or not we have proper tax forms for the vendors. So Marty will provide new forms.

Bob D. was contacted by Carl Doro, webmaster regarding a way to contact our non email members when an event is cancelled. Its strongly suggested that people call the host of the event when in doubt of cancellation due to incimate weather.

Next meeting is at Marty Jannsen's house Oct. 11th 7:00pm

Motion to adjourn made by Roger and seconded by Mike.

Respectfully Submitted by Sue Quam Club Secretary

Little of this and a little of that

The Annual Dues will be arriving in your mail box soon. You will find on the form a sticker with all your information, name, address, phone, and email address. At the bottom of the form is an area for you to make any changes that need to be made. Please pay close attention to email address's, make sure yours is correct. I have many that bounce back to me.

.....
If you're a snow bird, please let me know when your address needs to be switched to the "winter" address.

.....
If an event or car show is scheduled and your in doubt if it is still on due to inclimate weather, please call that event host, to see if it has been canceled.

.....
No "reminiscing with the Historians" this month.. The historian's were on vacation and then had to deal with illness's. All is well and they should be back on track next month. Hope your felling well Art~!

November 2nd is the end of day light savings time.. Turn your clocks back

This month in History

October 1, 1908 - Henry Ford's Model T, a "universal car" designed for the masses, went on sale for the first time.

October 5, 1921-The World Series was broadcast on the radio for the first time.

October 8, 1871 The Great Fire of Chicago started. That same day in Peshtigo, Wis., the worst forest fire in U.S. history also began.

October 17, 1933- Albert Einstein arrived in the United States as a refugee from Nazi Germany.

October 24, 1929 - "Black Thursday" occurred in the New York Stock Exchange as nearly 13 million shares were sold in panic selling. Five days later "Black Tuesday" saw 16 million shares sold.

October 24, 1931 - Chicago gangster "Scarface" Al Capone was sentenced to 11 years in jail for federal income tax evasion. In 1934, he was transferred to Alcatraz prison near San Francisco. He was paroled in 1939, suffering from syphilis. He retired to his mansion in Miami Beach where he died in 1947.

October 29, 1929 - The stock market crashed as over 16 million shares were dumped amid tumbling prices. The Great Depression followed and spread worldwide, lasting until the outbreak of World War II.

The East Troy Railroad Car Show Aug. 17th

Three cars met at McDonalds in Vernon and we traveled old Hwy 15 (ES) out to East Troy, where we met up with 3 other cars at the East Troy Electric Museum. All car show participants received two free tickets to ride the trolley and we rode the 6 mile route into Elegant Famer in Mukwonago. We also toured the electric railroad museum and an authentic old fashioned ice cream parlor. The weather was great, in the low 80's and a slight breeze. It was a fun day and we have been invited back next year.

Thanks to all that showed up.—Mike Quam

RACINE ZOO CAR SHOW

"It was a beautiful morning August 24th as 3 Model-A's, a 1966 Pontiac and a 1946 Ford headed south for a day of cars, animals, a lakefront view and music. At the Zoo, other Wisconsin Chapter members from the Racine area joined us to enjoy seeing hundreds of collector cars and motorcycles of all makes and years. In fact the Zoo had to turn cars away because they ran out of room. This was great, as the Racine Zoo relies heavily on this event as a fund raiser. We had front row seats for the "Root River Band", Dave Boucher was so impressed with their music that he cancelled an upcoming vacation because he learned they would be playing at a local festival. The Brojanac's were the stars of our group as their 1931 Deluxe Delivery took a Class Trophy. Congratulations!

Even in a Sea of old cars the Model-A's still drew a lot of attention as always. I met a gentleman whose wife inherited a 1930 Tudor, they are planning on restoring it and showed interest in the club. A membership application is in the mail. After the show a group stopped at Derangos Pizza Palace, Derangos has been a Racine institution for many years. The food was good and reasonably priced. After dinner we all went our separate ways looking forward to our next adventure! Thank you all for attending. - Mark Ackermann

With the Presidential election on Nov. 4th here are some fun Presidential Facts

- There are 132 rooms, 35 bathrooms, and 6 levels in the Residence. There are also 412 doors, 147 windows, 28 fireplaces, 8 staircases, and 3 elevators.
- James Buchanan is the only bachelor to be elected president.
- At various times in history, the White House has been known as the "President's Palace," the "President's House," and the "Executive Mansion." President Theodore Roosevelt officially gave the White House its current name in 1901.
- Presidential Firsts while in office... President James Polk (1845-49) was the first President to have his photograph taken... President Theodore Roosevelt (1901-09) was not only the first President to ride in an automobile, but also the first President to travel outside the country when he visited Panama... President Franklin Roosevelt (1933-45) was the first President to ride in an airplane.
- With five full-time chefs, the White House kitchen is able to serve dinner to as many as 140 guests and hors d'oeuvres to more than 1,000.
- Ronald Reagan is the only divorced man to be elected president.
- The White House requires 570 gallons of paint to cover its outside surface.
- For recreation, the White House has a variety of facilities available to its residents, including a tennis court, jogging track, swimming pool, movie theater, and bowling lane.
